THE INTRODUCTION

This is not presumed to be an infalible record of the Thomas and Sarah Thompson family as recorded in the Bush River Lower Hundred Census, Harford Co., Md., August 15, 1776, taken by J. Renshaw Jr.

Our primary interest is in the oldest child, Andrew Thompson, 7 years old at the time of the first Colonial census. This boy grew to manhood and married a neighbor girl, Elizabeth Denbow, and with his beloved wife and 8 children, emigrated to the great north west territory and settled near Lamartine, Ohio in 1817.

It is impossible to know which line of the 68 mentioned in Fairbairn's book of crests our family belongs. I have chosen "Industria Murus," because industry is an indominatable characteristic of our family. We are of Scotch Irish descent. That does not mean we are a mixed race. Ours is pure Scotch. We were part of the "first plantation of Ulster." After they helped proclaim their native Scotland a Protestant nation, they joined the exodus to northern Ireland and took their native faith with them. Hannah in his "Historical Collections" says, "The Scotch Irish are not of Irish blood, but are purely Scotch. Their emigrant ancestors in the country to whom the name was first applied were people of unmixed Scotch descent who came to America from their Scottish communities in northern Ireland and all the glorious history and ancestral traditions of their Scottish fore-bears belongs to their descendants in Harrison County, Ohio. "The Thompson name is among the many that are mentioned by Hannah. This name is common among the records of Ayrshire, the lowlands of Scotland from which our fore-fathers came to northern Ireland. Our people are known for their industry in many ways, expecially as children of the soil; also tradesmen such as carpenters, masons, cabinet-makers, blacksmiths, shoe-makers, and in professional life educators, lawyers, merchants, bookkeepers, postal service, technicians, bankers, congressmen, salesmen and when the liberties of our blessed land were at stake many did like their fore-bear Thomas Thompson, took an oath of allegiance equal to the oath of fidelity that he took when he bacame a Md. militia man the 14th day of Sept., 1775, then later mustered into the continental Army Apr. 2nd 1778, and was honorably discharged Dec. 4th, 1780. He came to a new land because he loved freedom and helped to preserve it for his posterity. Many of our sons, noble sons every one, gave their full measure of devotion in two world wars. Others came back to us and are worthy citizens of whom we are justly proud. We are proud of our ancestors and our great family as they pass the torch of civil and religious liberty from generation to generation. It may flicker at times, but under God, may we never, never allow it to go out !

INSTRUCTIONS ON HOW TO USE THIS BOOK

My Beloved Relatives: This book is the result of almost 5 years of work at no cost to the family.A distance in excess of the circumference of the earth has been traveled to gather information about our large family.
It is hoped you will find pleasure and profit in readind and studying it.
After many weeks of searching in Md.,we had to content ourselves for the time being with starting this work with Andrew and Elizabeth Denbow Thompson, because the names of all the children of Thomas and Sarah Thompson could not be ascertained.
The Zachariah Thompson history states that both of these men were born near Baltimore,Md.I am convinced that Andrew and this son were a little closer to one another than any of the other children,and that he took the final care of his parents until they were at rest from their strenuous pioneer labors.
Interest yourself in this historical statement.Study it with care.
The genealogical portion is more difficult.With this in mind,a very simple method has been used.May these few instructions prove helpful:--

I. There are 8 children in this family,therefore 8 chapters,with a family statement,followed by the genealogy.
2. The LEFT column(in genealogy)has a double number in front of the DESCENDANT'S name.The FIRST person named is ALWAYS the DESCENDANT.It is very imperative to bear this in mind.
   The FIRST number is ALWAYS the FAMILY number(I-2-3-4 etc).This number increases as we go toward the end of the line.
   The SECOND number is a Roman numeral,and will remain constant throughout the generation.Because it is the GENERATION number.
   For example:- 3-VII means,the 3rd.family in the SEVENTH generation.
3. The LEFT column contains HUSBAND & WIFE.If they have children,just trace straight across the page to the RIGHT and their names will be found.
   The LEFT column ALSO contains the names of men and women who remained unmarried,and their business or profession is listed to the RIGHT.
   The LEFT column ALSO contains the names of children who lived a few years then died.The year of birth and death follows to the RIGHT.
4. To trace either an ANCESTOR or DESCENDANT --
   Find name and number in RIGHT column.
   To trace an ANCESTOR,trace to the LEFT,using the name and DOUBLE number, go BACKWARD and find the same name and number in the RIGHT column.
   Then trace across the page to the LEFT,finding the name with the DOUBLE number in front of it,and go BACKWARD until you find this NEW NAME and NUMBER in a RIGHT column.Continue this simple process until you have found the ancestor you desire.
   To trace a DESCENDANT,find name and double number in the RIGHT column.
   Now,go FORWARD and find the same name and double number in the LEFT column.Trace across the page to the RIGHT,using the new name and number go FORWARD and you can easily find every person in that line to the last baby born.
   May the Lord watch between me and thee while we are absent one from the other.

SPECIAL NOTE: This is a first attempt at compiling a Thompson Genealogy. In many places the material seems inadequate, however, I used all the material I had at my disposal. If in reading this volume you can make a personal contribution about your family, and if enough new material comes in I will consider a second edition containing the additional family history.

THE DESCENDANTS OF THOMAS THOMPSON

When I was a small boy my father A.P. Thompson told me that his father Eli M. Thompson walked from New Jersey to Ohio and led a cow. All my life, 71 yrs. to be exact, it has been keenly interesting listening to tales about families going by wagon train from one section of our great land to another. It is difficult for us to understand how a mother with babies, youths, and young men and women with their husbands, as it was in the case of Andrew and Elizabeth Denbow Thompson, could keep them clean, and fed and bedded down for the night traveling hours on end over trails through the unbroken forrest for days and days. The mother and small children must have occupied the wagon as home. Think of the jostling and bumping over rough trails that by no stretch of the imagination would we call a road. There were nosprings on those wagons, and only the soft side of a board to sit on, possibly covered with a sheep skin or hand woven blanket. The sanitation must have been a problem. That pioneer mother must have been a genius to accomplish so much with so little. Such motherhood deserves her place in history, preserving her sacred memory for generations unborn. In no way is the courage and fortitude of the father and young men of the family to be minimized. They suffered hardships which took real manhood to overcome. They furnished the food with knife and gun, and the fiber with sheer strength and concerted action. They were the heroes to whom the family looked for provinder and protection. Just as truly these pioneer women were heroines worthy of their providers and protectors. Centuries ago, by faith, Abraham went out, not knowing whither he went. Our forefathers had the same faith in God, as they journeyed westward. They may seem a bit rough to us, but let us remember they lived in no soft easy day. They reflect the rough traveling, the virgin forest, their manner of livlihood, their ceaseless struggle for existence amidst mountainous difficulties on every hand. They had no chain stores from which to pick up the necessities of life. Their meat was on foot, out yonder in the forest or perched in yonder tree top. No delivery boy brought it to their door. It was out there to get, to dress and prepare for family use and cook over an open fire,handy to a spring of water. The fish were in the streams, the berries were on the bushes, wild fruit on the trees to be picked and prepared for the family meal.

In the journal of one Dr. Richard Lee Mason, migrating from Md. to Illinois, in the month of Oct., 1819, we get a picture of traveling in a more refined manner. He lists these daily entries: Oct. 15, visited the market in Steubenville, Ohio, good beef, six and a quarter cents a lb.

Oct. 16, spent the day in Steubenville; bought a plain jersey wagon and harness for $60.

Oct. 18, To Sears, a distance of thirty miles. Passed little village of Cadiz. In this country a store, a smith shop, and two or three cabins make a town.

Oct. 19, left Sears 6A.M. roads extremely rough, log cabins, tall timber. Arrived at Adairs a distance of 27 mi., at six o'clock P.M.

Our fore-fathers traveled over this same road as far as Cadiz two years before, not in a spring wagon, but by far less comfortable means of transportation, by wagon train, with eight children, live stock and their scant supply of household goods.

New Rumley town was laid out 6 years before our ancestral migration, by Jacob Custer. His sister Susanna and husband John Hendricks came to New Rumley Twp. in 1806, from Cresaptown, Md. In 1820 two of the Thompson brothers, Josiah and Zachariah, took up a land grant from the government, situated a short distance from Lamartine, in New Rumley Twp. It was a custom for homesteaders to find a good spring of water and settle down, by building a long cabin on the adjacent land, and then file claim to the land.

This is apparently what the Andrew Thompson family did on the tract still known as the Thompson farm, occupied by the family until Zachariah sold out and went to Iowa in 1866. It is to be especially noted that the Md. emigrants were settling in this general region.

A CORRECTION

we shall pause long enough to make a correction. My father told me years ago "If you want to learn, just listen." Evidently he listened to someone who was mistaken about where his folks came from to Ohio. You remember he said New Jersey. The Zachariah Thompson family history states they came from Harford Co. Md., when Zachariah, born 1796, was 21 years old (1817.) The Basil Thompson obituary reads "He came from Hartford Co., Md., with his parents when he was about 4 yrs. old, Born 1813. There never was any Hartford Co. in Md. or New Jersey, so these two records agree except the "t" that was added in the spelling of Harford. We shall presently see that these men are brothers, the sons of Andrew & Elizabeth Denbow Thompson. The census records list this family in Harford Co., Md., as we shall see later on.

STRAWS IN THE WIND.

The actual knowledge of my father of his ancestors was practically 'nil'. It really seems presumptuous for one so inexperienced in such matters to attempt to uncover old and even earlier records to be arranged in readable and interesting form. If it was to be done, a start had to be made. It was an encouragement to remember the thought expressed in one of the old McGuffies readers, "Tis' a lessen you should heed, try, try again. If at first you don't succeed, try, try again." Over the past 4 years this lesson has been applied. The Bible says "The kingdom of heaven is like unto a grain of mustard seed. But when it is grown it is greatest among herbs." No bit of information was too small that had the possibility of addingstature to our family tree. In this mood the start was made.

THE SEARCH IS ON.

I knew my grandfather's name was Eli, and he married Sarah (Sally) Sell. My father had a picture of him, but as far as anyone knew, no picture had ever been taken of my grandmother. The epitaph on the tombstone bearing her name was so worn after 88 years of exposure to weather at Lamartine, scarcely a word was readable, with one exception, the word "Jesus." This gave me a readable, portrait of grandmother's love for her Saviour. My father often spoke of his 10 brothers & one sister. My uncles Joe, Ed, Bill, Campbell and Tom (I am his name sake) were the only members of this large family I had ever seen. I saw Uncle Tom once. When I was 12 years old he came to our house and took me to town, Scio, Ohio, and bought me a navy blue suit. I had not the slightest idea about the family that came from Harford Co., Md., to Ohio in 1817.

THE FOCAL POINT.

A start must be made from somewhere. As far back as I could remember members of our family had lived around Scio. There was a possibility that even after 144 years there should be some traces of the original family left. It began in a most unexpected manner. A man entered the reception office of the Scio pottery, and the receptionist said to him "Are you a Thompson?" He replied, "Why yes, how did you know?" She replied "You look like one." This man was my brother David, and the woman was Mary Leona Thompson Getter. In the course of their conversation my brother told Mary Leona that his brother was interested in the Thompson genealogy and would bring him over when he came to town. In a short time I, the brother, met Mary Leona and she sent me to Georgia Thompson, a retired telephone switch-board operator who lived near by. It was a pleasure indeed to meet this fine lady. The first thing she did was show me a photograph and asked if I knew who he was. Yes, he was my grandfather Eli M. Thompson. She said "He is my grandfather, Basil Thompson's brother. So it was that Georgia Thompson gave me the initial information which started the

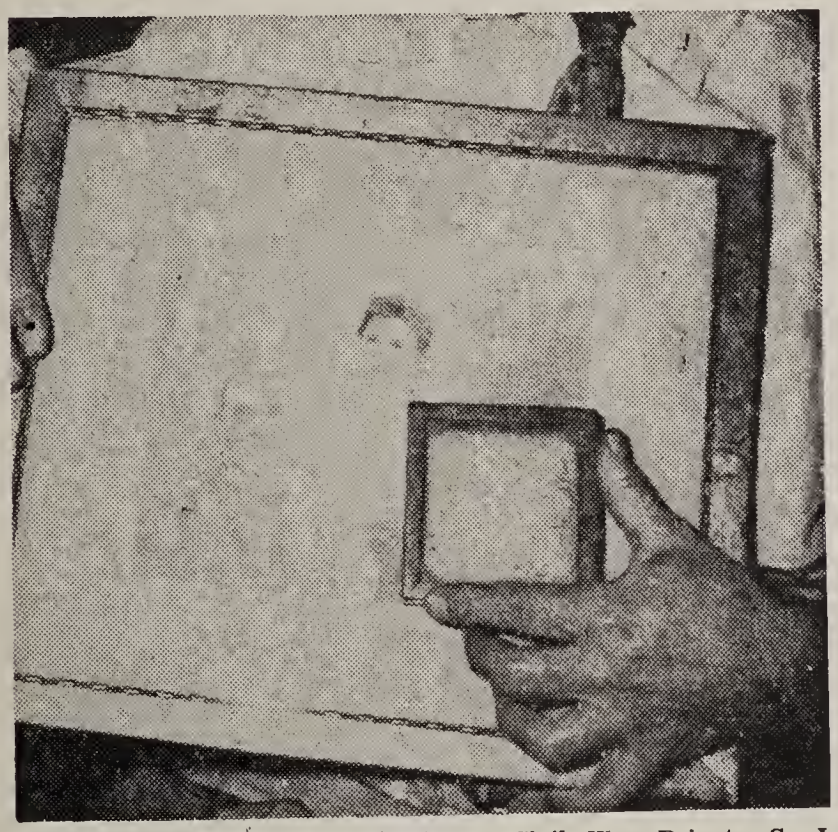
chain of cooperation that has resulted in this effort to give this branch of the Thompson family the best available stories, facts and figures concerning our fore-fathers and present generation. Up to this point we know a little about three children of this family that came from Md. to Ohio in 1817, Eli, Zachariah & Basil.

FIRST THINGS FIRST

Who are the parents? And it is unthinkable, that three boys constituted a pioneer family. I was talking to my cousin Charles J. Thompson, president of the Dillonvale National Bank, about this very thing when he said to me "We shall go to their graves this afternoon." We drove to Allen Cemetery, situated about 3 miles from Scio on the Kilgore road and there was the stone marker which reads, Andrew Thompson, who departed this life April 10, 1835, in the 67th year of his age; that is, he was 66 years old when he died. Close by was his wife's grave the marker being so badly disintergrated that the only legible letters were "ABETH". Her name must be Elizabeth, which the Zachariah history later confirmed. Cousin C.J. Also said his father stood by these graves and declared they were the graves of his grandparents. His father was Edwin S., a brother of my father A.P.Thompson, the sons of Eli M. Thompson, who was the third child of Andrew & Elizabeth Denbow Thompson.

ANDREW THOMPSON FAMILY

So far we know there are three in the family. We shall go into greater detail a little later about the Basil and Zachariah families. At the very time cousin C.J. told me about the grandparents graves, he showed me a Civil War Cracker that had been sent by our Uncle R.J. Thompson from a Virginia battle-field during the war to his Uncle Gabriel Thompson of New Rumley Ohio. Gabriel would be our great-uncle, therefore a brother of our grandfather Eli. Was it not providential that a Civil War hard-tack had been preserved almost a hundred years and from it we were able to trace the remarkable family of Gabriel and Elizabeth Allen Thompson. As of this moment there are four children in this pioneer family.



THE CIVIL WAR biscuit is inside the small frame. Within the larger frame is a photo of Former Civil War Private C. J. Thompson and his daughter.

ANOTHER STRAW

I learned from some source that Nancy Almeda Thompson Westenfield of the Basil Thompson family had been gathering data, intending to write a Thompson family history, but passed away before her hopes and dreams were realized. Her daughter Marion Westenfield, had preserved the documents. She, being a very busy school teacher in Niles, Ohio, could not be contacted personally on my visits to Niles, but her brother, Clare promised to mail the information his mother had accumulated. Marion's letter was most helpful. It ran as follows:

He (Basil Thompson) had four brothers and two sisters.

1. Gabriel Thompson, near Jewett. (He had moved to Jewett.)
2. Josiah Thompson.
3. Zachariah Thompson (She thought these three had moved west.)
4. Eli Thompson
5. Eliza Thompson Hendricks (Near Scio)

6. Clema (Clemency) Thompson Kirby (near Lamartine)

NOW THERE WERE SEVEN

Basil Thompson's farm is situated on Chestnut Ridge, south of Scio. It is very interesting to note that the tract of land on which Thomas Thompson, the father of our subject (Andrew Thompson) lived and raised his family in Md., was known as "Chestnut Ridge." It is possible that this ridge received its name from that Md. Tract.

We have found Gabriel through the Civil War Cracker. We know Eli is my Grandfather.

THE HENDRICKS FAMILY

My brother David told me that Anna Hendricks and Jasper, her husband (now deceased) were relatives that "Pa & Ma" used to visit. Anna still lived on the old farm, and my brother knew where that was so, we were presently talking with our cousin Anna, when she told us she was a "twig" from the Josiah Thompson branch. We were seeking the Hendricks family and found the Josiah Thompson family instead. Anna's memory was rather remarkable and we found Josiah had gone west as far as the next county, Tuscarawas. She gave me the address of her niece Florence Thompson Arbogast, of Stone Creek, who was soon found and acted as a guide for almost a week calling on every available relative and practically completed this family line. Thanks to this gracious cousin who did so much as a labor of love. Let us return a moment to our visit with Anna Hendricks, to find that her husband Jasper Hendricks was the son of Mehala Thompson the relatives of the Basil Thompson Family. It happened this way: I was talking to cousin Ellen Thompson Shultz in Jewett (a Basil Thompson descendant) about this Hendricks family when she said to me "Why don't you stop in and see John Hendricks at his electric shop in Scio? When I was Secy. of the Thompson reunion, he used to come, and I believe he is a relative." I did just that and sure enough, he was a descendant of Eliza Thompson & Emanuel Hendricks family. With the information he gave he included the name and address of Gertrude Hendricks Smith, of Elbert, Colo., and I had struck a gold mine of information. It was a high privelege indeed to visit this grand lady and her husband and family the past year in her Rocky Mt., home in sight of Pikes Peak.

THE KIRBY FAMILY

Where among all the Kirby families that had lived around Lamartine could I find a relative of Clemency Thompson Kirby? She had married John Kirby, but sad to say, not a relative was to be found. Every last one had been called to his and her reward.

THE ZACHARIAH THOMPSON FAMILY.

The Zachariah Thompson family remained to be accounted for out of the seven that has been mentioned. I was still looking for more information on the Kirby family, when a lady called a cousin, Iona Burrier, and wanted her to bring me to her home. I made a special trip from Michigan to Ohio for this purpose. We went to the home of Mrs. Grace Muse. She said "I may have something that will be of interest to you in your Thompson family." It was almost too good to be true, when she handed me a brochure of the 1907 Zachariah Thompson family reunion. This little Pamphlet was 53 yrs. old. Mrs. Muse was a relative of McClelleand Kirby, the husband of Alice Grace Thompson, the granddaughter of Zachariah. They had attended the reunion that year and Alice had treasured this Brochure as a keep-sake. Mrs. Muse had preserved it, prophetically thinking it might be of use to some one sometime. The one lone relative of this largest of all our families who remained in the original community, thoughtfully preserved the clue that led us to information so vitally necessary to the completion of the genealogy. I chose a name from this Brochure and mailed a letter of inquiry to Arlington, Iowa, asking the Post Master to please give this letter to some relative of this person. In a

matter of days I was in correspondence with Elma J. Ross, the President of this very Reunion. She invited me to attend the 56th consecutive meeting. The Thursday before the reunion my cousin Mildred White of Carrollton, Ohio, and I were there working on the scrap-books which were the results of many years of work by Blanche M. Horton and Elma J. Ross. This immense labor of love by these women and others, made it possible to write this family story. As a family, we need to be thankful that so small a thing as a reunion brochure was in the loving and preserving hands of Grace Kirby Muse.

NOW THERE WERE EIGHT.

What these Zachariah Thompson family scrap-books did was to state "Uncle Morris said there were 8 children came from Md. to Ohio." After a 5 week search of Md. records I returned to Ohio, and while searching records in Cadiz, Ohio library, found Sarah Thompson and William Albaugh married Sept. 18, 1823, by Brice W. Viers, Justice of the Peace of New Rumley, Ohio. Zachariah Thompson and Priscilla Albaugh had been married by the same man Jan. 15, 1822.

I started working on the idea that Sarah & Zachariah were brother & sister. In talking with Beatty Albaugh, of Scio, he told me that he had always known that the Thompson's and Albaugh's were related way, way back, but he never knew how. I talked with his daughter, Mrs. Ralston and she declared that it had been her understanding as long as she could remember that the Thompson & Albaugh families were related way back somewhere. I remember that my father used to work with Tom Albaugh and Uncle Ed Thompson, and he always said we were related to Tom Albaugh, and this man is a descendant of William & Sarah (Thompson) Albaugh. William and Sarah have two grandsons living, Beatty & Charles Albaugh. Beatty is mentioned above. Charles lives in Richland, Kansas, and says his grand parents moved to Kansas, from near Scio, Ohio, in 1877.

The Ohio Census of 1830 corresponds exactly with the dates of their Children's birth's, New Rumley, Twp. Harrison Co. The name "Sarah" is also the name of her grandmother Sarah Thompson, the mother of Andrew.

HARFORD COUNTY MD.

In the early summer of 1960 a week was spent in Harford Co., in research, but soon discovered that information was not laying around loose to be casually picked up in leisure moments; rather, it was buried deep in a sea of documents to be dug out. Later in the fall, 5 weeks were spent in uncovering information. It was interesting to find in 1608 Capt. John Smith of Pocahontas fame, discovered what he named "Willowby's run, in honor of the town in which he was born in England, now known as Bush River. Smith described it in his diary as "Heaven and earth seemed never to haveagreed better to frame a place for man's commodius and delightful habitation." Bush River is a neck of Cheseapeake Bay, reaching into Harford Co. and maintains the name for a few miles as a narrow stream, then it is called "Winter's Run." Our Grandparents owned a farm near this stream.

In 1637 Lord Baltimore took proprietary possession of Baltimore Co. This Co. was divided; the western half being Baltimore, and eastern half became Harford, which was the residence of our fore-fathers. The Zachariah records state our grandparents were born near Baltimore which would still be Harford Co., after the partition, and on Winter's Run.

In 1659 Thomas Thurston who belonged to the Society of Friends, acquired about 1000 acres and settled near the present site of Bush Town, also known as Harford Town. The Old Post Road established in 1666 started at Philadelphia, and wound its way through the wilderness to Annapolis and into Virginia. Bush Town was on the Old Post Road, and had a most popular Inn where Geo. Washington, Thos. Jefferson, Henry Clay and many other notables of that early day, gathered to discuss affairs of State, says the Historian Preston.

In 1771 the sixth Lord Baltimore died, leaving no legitimate heirs, so this title became extinct. He did have a son born out of wedlock, Henry Harford,

who by his father's will became proprietary of the Md. Colony. It is interesting to note in passing, that prior to this, Lord Baltimore had commissioned the Gov. of Md., his brother, to appoint 6 men as a general assembly of free men to meet with him "all excuses set apart" at his town of St.Mary's (first seat of Md. Government.) on 25th of Jan. , next (1638) there, to consult and advise of affairs of this Province & to assemble within 6 days all freemen to said assembly. Aug. 8, 1640, sessions, the principle of a representative legislature seems to have been fully established. (pg. 135 Sharfs History of Md.) This interesting statement in another history which name I did not record "In all cases in which charters were granted they provided for a popularly elected lower legislative house. This was so even in the case of Md. It was one of the anomilies (deviations from the rule of practice) of this period when the King and "Laud" were suppressing political and religious freedom at home, that they were scattering models of popular government through the rest of the now fast-growing (English) Empire."

Md. was originally a Roman Catholic settlement, and continued so until 1649 when the great Toleration Act was passed. Thus Md. Took the lead in religious freedom, and was the first community in modern times in which the civil was effectually separated from the ecclesiastical power, not only do high honor to its founders, but are of deep importance to the history of the world (pg. 151 Scharf's Hist. of Md.) The laws at this time were very stringent, persons working on Sunday "Shall on conviction forfeit 200 lbs. of tobacco to the use of the county." "Blasphemy against God, denying our Saviour Jesus Christ or Holy Trinity, or the God-head of ANY OF THE three persons shall be punished with death and confiscation of lands and goods (BaconsLaws.) After almost a century and a quarter, these self governing freemen met in 1773 at Annapolis as the Md. Colonial Assembly, being petitioned, passed a law forming a new Co. out of eastern half of Baltimore Co. naming it Harford after the proprietary, Henry Harford. The same Assembly directed the first term of court for Harford Co., be held at Harford Town or Bush (town) on 22nd day of March, 1774, and with this government of Harford Co. thus created a new child came into the household of the State. (W.W. Preston).

The Stamp Act imposed upon the colonies caused a furor among the colonists and it was wisely repealed. Other grievances irked the early settlers who immigrated from the old world's persecutions and intolerances only to have them rise as an ominous threat to their new found freedom.

THE SCOTCH IRISH.

Our interest is in those sturdy Scotch who immigrated from the lowlands of Ayrshire, to northern Ireland at the time of the so called "first plantation of Ulster" (1606- 1625.) Large land grants were given to Scotch nobles as their reward for faithfulness to the king. These nobles had subjects without whom it would have been impossible to win laurels in battle or produce tribute for the king. So these nobles were obliged to transplant thousands of these subjucts to northern Ireland. People in all walks of life were in this migration. After these Scots had saved Ulster for Protestantism and the crown in the revolution of 1688, yet they were grievously and unjustly discriminated against, in matters of religion, especially of the Presbyterian from. Certain enactments of the Bishop's party deprived them of holding public office and required them to pay tithes in support of the Episcopal clergy, prohibited marriages from being performed by Presbyterian ministers, declaring illegitimate the children of such marriages; prohibited marriages from being performed by any but bishop ordained priests of Episcopal or Catholic church, and economic causes arising from tariffs levied against their goods, and raising of rents by land-lords should be sufficient reasons for the exodus from Ulster to America. The first migration took place in 1718-1750. As leases run out, rents were raised again and the second migration was on. From 1771 to 1773 it grew to

such proportions that the government feared complete depopulation, so took stern measures to stem the tide. Our fore-fathers were among these immigrants. It was from this background that our forefathers were discussing "taxation without representation is tyranny."

OUR HERITAGE

These brave undaunted people had a noble heritage. Agricola the Roman general carried his conquest to the Grampian Hills of Scotland and there he found an unconquerable people. Scottlands high ideals of freedom were vindicated in the Scots clergy who "when the light grew dim and flickered on the altar, trimmed the lamp and fed the sacred flame, and kept alive for themselves and their children and for all mankind the precious heritage of human liberty," rightly says the historian Hannah.

OUR NAME

This is the sturdy stock form which we came. We shall pause a moment to learn the origin of our name. The most common of all partonymic (formed after ones father's name) additions is the Anglo Saxon "son." Where the Normans prefix "Fitz" (as in Fitzgerald) and the Irish "Mac" (as in Mac Dougald) the pure Scotch add "son". Thomas means twin. The pet or nickname for Thomas is "Thom". So the son of Thom in pure Scotch is Thomson, and with the intrusion of the english "p" we have Thompson. This seems to have been added after the "first plantation."

SURNAMES & HUNDRED ROLLS.

In 1085 William the Conqueror sent duly appointed commissioners into every province of his realm to check on every estate. It seems to have been a census of persons and possessions as a basis for establishing tribute. We would think of it as taxation. The results of this is known to us as "The Domesday Book." Of particular interest is the fact that for the first time surnames were used in this book. This is the beginning of the surname period. The "Hundred Rolls" appear for the first time in 1275, in the "Domesday Book". These hundred rolls in a modified form were used in colonial Md. for taking census and collecting taxes. It is very probably true that the surname Thompson first appeared in the "Domesday Book."about 1085.

THE FIRE KINDLED

In 1724 James Logan a Scotch Irish Quaker said "Parliament is about to take measures to prevent too free emmigration from Ulster to America, for fear if they thus continue they will make themselves proprieters of the Province." These fears were well founded as we shall presently see the colonists fired with patriotism through the eloquence of Patrick Henry who said "What would you have? Is life so dear, or peace so sweet to be purchased at the price of chains and slavery? I know not what course others will take, but as for me, give me liberty or give me death."
A revolution differs from a rebellion only in as much as the former is attended with success, and the latter with failure. With the American Colonies it was a Revolution.

THE BUSH DECLARATION.

What is known as the Bush Declaration, made 2 days after the Fiery speech of Patrick Henry shows how closely associated Harford Co. was with the events of the day. This is the first such declaration ever to be made by duly elected representatives of any people. "We, the committee of Harford Co. having most seriously and maturely considered the resolves and association of the Continental Congress and the resolves of the Provincial Convention, do most heartily approve of the same, and as we esteem ourselves in a more particular manner intrusted by our constituents to see them carried into execution, we do most solemnly pledge ourselves to each other and to our country, and engage ourselves by every tie held sacred among mankind, to perform the same at the risque of our lives and fortunes ! This was signed by the 34 duly elected

representatives of Harford Co. The first signature was "Aquilla Hall." The historian says "This cry from the obscure community of "Bush Town" was but the beginning of fires to be kindled during the intervening sixteen months before the declaration at Philadelphia, July 4, 1776.

OATH OF FIDELITY

The 14th day of Sept., 1775, Thomas Thompson, after taking the following oath of fidelity, enrolled in the Harford Co. militia, Capt. John Love's Co. #10. We whose names are subscribed, do hereby enroll ourselves into a Company of militia, agreeable to the resolutions of the provincial Convention, held at Annapolis, the 26th day of July, 1775, and we do promise, and engage that we will respectively march to such places within the Province, and at such times, as we shall be commanded by the Convention or Council of Safety of this Province or by our officers in pursuance of the orders of the said Convention or Council, and there with our whole power fight against whomsoever we shall be commanded by such authorities as aforesaid.

Thomas Thompson took this oath of fidelity and joined the Md. militia. He is the only Thomas Thompson on the Census Rolls of Bush River Lower Hundred, taken Aug. 15, 1776, by Joseph Renshaw. A little later we shall see Joseph Renshaw sold a farm to Thomas Thompson.

THE FIRST MD. CENSUS.

Thomas Thompson	30
Sarah Thomson	30
Andrew Thomson	7
Elizabeth Thomson	5
Ann Thomson	4
Mary Thomson	3
Martha Thomson	8mo.
Servant John Thomas	49

He is the only man by this name in the Bush River Lower Hundred of the proper age to enter the militia. The age of this boy Andrew fits exactly the age of the man who migrated to Ohio in 1817, with his wife and eight children, and in 1835 was buried in Allen cemetery.

The spelling of the name is different in the case of the father from that of the wife and children. It was common practice in that early day even to spell the name of the same person differently in a single document or record. Thomas Thompson made provision for his family while in his country's service by having a servant by the name of John Thomas, who could have been working out a period of servitude for something that Thomas Thompson had done for him. We found many instances of servitude in payment for ship passage from the "old country" to the "new world." Thus, a debt was paid with service instead of money. This man was a thoughtful and loving husband and father as well as a good soldier.

THE REVOLUTIONARY WAR RECORD

Up to this time Thomas Thompson was in the Md. militia for duty only in the Province of Md., according to the "Oath of Fidelity." Page 169, Archives of Md., Vol. 18, we find -- Second Regiment of Md., beginning with muster rolls for Jan., 1778, Thomas Thompson, rank, private, time of service- enlisted 2 April, '78, discharged, 1 April '80. His forefathers risked their lives to keep Ulster prostestant. And with the same dedication, their descendant Thomas Thompson risked his life to free Md. and all the Colonies for self government.

A LAND OWNER

Thomas Thompson must have had confidence in the future of the Colonies, because during the war there were property transactions.
1. A deed executed the 30th of Oct., 1778, Jacob Bull (son of John) to Thomas Thompson for consideration of 240 pounds, a tract of land called Aston's and Deal's Chance, 30 & half acres, "with all and sin gular, the buildings and improvements etc.
2. Another deed recorded from Joseph Renshaw to Thomas Thompson "for all that part of the tract of land called by name of Aston's & Deal's Chance or otherwise called Rachael's Delight, which lyeth on the west side of road, leading from said Renshaw's, by Daniel Thompson's or the place where James Everett now lives, and between Wilson's Choice and that part of Aston's and Deal's Chance lately sold by Jacob Bull to the said Thomas Thompson, containing by estimation 4 & half acres more or less. As also that part of the tract called Chestnut Ridge, heretofore patented to Benj. Amos (son of James) which lyeth on the south east side of Winter's Run containing by estimate 25 acres more or less, With all improvements, advantages and hereditaments whatsoever. For this land he paid 100 pounds, 28th January, 1779. These descriptions are given to show how it is almost impossible to find the exact location of these farms. It was comparatively simple to find names and descriptions of these land tracts. But no present day individual knows anything about their location, because markers such as "two bounded Spanish oaks" and names such as "Chestnut Ridge" have disappeared. For our enlightenment, a photostatic copy of this original tract called "Chestnut Ridge" is reproduced in its entirety. Read it carefully and see if you can translate it. Why take so much time to discover the old farm home? The reason is: very probably a family burying ground will be found, since this was a very common practice in that day. Every burying ground, private and public, in Harford Co. was thoroughly searched for the graves of our people without finding a single one. We found the names of Martha, Susanna, (probably Ann in 1776 census) Elizabeth, Cassandra, Clemency, (now Arthur, meaning she married a man by that name) and Elen (the last three girls could be those born between the 1776 census and 1790 census), on the Old Brick Church Rolls. Elen was the last one to subscribe to the articles of faith "Baptist Church, 4th Lord's (day) of Aug., 1839."
An interesting thing is that Martha Thompson bought a lot with buildings on Chestnut Ridge tract when she was about 66 yrs. old, from Gabriel & Elizabeth

Denbow. The Denbow family was neighbor to Thomas Thompson family on Chestnut Ridge. It is my opinion that Martha bought this home after the estate of her father had been settled up, and it was within walking distance of the Church she loved and attended from her early childhood. In the 1800 census Thomas Thompson is listed in the 4th District which includes the neighborhood around the "Old Brick Church," and very probably was a part of the original "Bush River Lower Hundred" when the first Colonial Census was taken in 1776.

MD. CENSUS 1790 HARFORD CO.

The first Md. census was a colony, not a national census. Its purpose was to enroll the people loyal to the colonial government. The 1790 census was a U.S. census taken after independence had been gained. Fourteen years had elapsed since the first census was taken.

Thomas Thompson-Head of family (born 1746)

Males including head over 16------3
Males under 16----------4
Females all ages----------8

At this time Andrew is 21. The servant John Thomas is still with them and the father, total 3 over 16. 4 boys have been born since the colony census. There were 4 girls & the mother, so, 3 girls have been born during the same period, a total of 7 children in 14 years.

MD. CENSUS 1800 HARFORD CO.

Thomas Thompson-Head of family (born 1746)

Males 10 & under 16----------3
Males 16 & under 26----------2
Males 45 & over----------1
Females 16 & under 26----------1

The mother had died, since she would be in the same age bracket as her husband, 45 & over. We have noted heretofore, that Martha was single at the age of 66, when she bought her lot and buildings on Chestnut Ridge. At this time, her age bracket would be 16 & under 26. The father would be over 45. In the 1790 census there were Andrew and 4 younger boys. At this time (1800), Andrew is married as we shall see by his census record that follows, and has 3 sons. There are still 5 boys in the family, Three of which are 10 & under 16, and only 10 years have elapsed since the prior census was taken. The solution to this dilemma is, a boy was born directly after the 1790 census was taken, and being born in 1790, is placed in the 10 year and under 16 group.

Males 26 & under 45----------1
Females 16 & under 26----------1

At this time, Andrew is 31 (born 1769) His wife is under 26, therefore, at least 4 years younger.

They have 3 boys which accounts and verifies the recird we have, viz: Josiah, 1795, Zachariah, 1796, Eli M. 1798.

The first boy in this census is Gabriel, born 1804. The three older boys are accounted for above, but 4 girls have been born since the prior census. As nearly as we can figure thisout, Sarah, 1801, a girl whose name we do not know was probably born about 1806, & died before they came to Ohio. Eliza, 1808, Clemency, 1810. This is the final Md. census record of the Andrew Thompson family because they moved to New Rumley Twp., Harrison Co., Ohio, in 1817. The next record we have of this family is the first Ohio census.

Basil was born in 1813, just 4 years before they came to Ohio. He would be 17 years old at this time. Clemency was born in 1810, (Aug. 4), so was under 20 when the census was taken before her birthday. What young woman would claim to be 20 when she wasn't? At this time, Andrew was 61, and his wife, about 4 years younger, would be 57.

Morris J., born 1829 (1 yr.) Samuel, born 1827, (3 yrs.), are the first two. Eli, born 1824, (6 yrs.), William, born 1823, (7 yrs.), accounts for the second two. The father born 1796, would be 34 at this time. At this time we have no way of knowing who this girl, "5 & under 10", is. The mother was born Dec. 15, 1805, so she was less than 25 yrs. old. We know a boy named Morris, was born in 1826, and lived, but a short time. Another boy was named Morris J., apparently to perpetuate the name of Pricilla's Father, Morris Albaugh.

This is Gilbert Thompson, born 1829. The father, born 1804, (26 yrs. old). The mother, Elizabeth Allen, born 1811 is 19 years old. Here is the beginning of the Allen family relationship. It was the mother of this Allen family that was so deeply concerned with the souls of her neighbors, that her noble husband built her a log church, in which she proclaimed the message of salvation, that was most certainly the turning point in the life of her son-in-law, Gabriel Thompson, and was likely a potent factor in the conversion of her neighbor, Zachariah Thompson, who became an ordained elder in this Allen Church. In this old Church yard lies Gabriel and Elizabeth, and several of their children as well as the parents and grandparents of Elizabeth. In these hallowed grounds, also rest, Andrew and Elizabeth (Denbow) Thompson, the progenitors of our noble family. Also the two daughters, Eliza (Thompson) Hendricks and her husband Emanuel Hendricks, and Clemency (Thompson) Kirby.

Thomas was born 1824, (6 years). The father, Josiah, born 1795 (35 yrs.) Priscilla, born 1830 (infant). Elizabeth, born 1828 (2 yrs.), a girl born 1826, and died in infancy.

This girl 5 & under 10, was born before the oldest son, Thomas, and died in infancy. The mother was born 1805, so would be 25 years old at the time of this first Ohio Census. These are all buried in the private cemetery on the old farm near Stone Creek, Ohio. This oldest child of Andrew Thompson followed the same pattern set in Md., viz: a private burying ground for his family. He very likely was familiar with the private burying ground of his grandfather, Thomas Thompson, where it is most likely his little sister was buried before they left Md. for Ohio. And since his grnadmother was not on the Md. census rolls of 1800, he would remember where she was buried.

The girl under 10 would be Elizabeth, born 1825. Sarah Thompson was born 1801, so would be 29 years old.

THOMAS THOMPSON'S FATHER

The name of Aquilla Hall has been mentioned as the first signer of the "Bush Declaration." This man was a merchant at Bush Town, and I had the good fortune to make the acquaintance of J. L. Hughes Perryman, Md., who was in possession of a "day book" of Aquilla Hall. This book had entries of all transactions at his place of business for each day. It will be of interest for us to note the following entry:

Andrew Thompson.

Listed in the day book of Col. Aquilla Hall, of Bush Town, Baltimore Co., 1756. This Andrew Thompson is very likely the grandfather of our forefather, who is the subject of this research. The tools he purchased were those he used in his work. The small gimlet used for making holes in wood, in which pins were driven to hold two pieces together, as in making furniture or window frames or cupboard doors etc. The gouge was used in shapeing a piece of wood into whatever was desired, such as a mortise, or tenant, or tongue and groove, or rabiting over lapping doors, etc. The neabuckle was something on the order of a clamp to hold a piece of wood that had been soaked with water to keep it in that desired shape after it was thoroughly dried.

This is the man that sold a farm to James Everett, close to the farm that Thomas Thompson bought in the Chestnut Ridge tract during the war. Notice the similarity of the names with those in the Thomas Thompson family of the smae census. The son Alexander could be named for the uncle who appears to be the brother of Thomas.

MD. CENSUS OF 1776

Elizabeth Thomson----------29
Thomas Thompson---------- 5
Mary Thomson---------- 3
Caterine Thomson----------3wks.
Elenor Edelton----------23

This woman is a widow. Her husband was very likely a brother of Thomas and Daniel. The first child is a name-sake. Elenor and Elizabeth are probably sisters. She is taking care of her sister until she is able to care for her family. It seems to have been customary to include all those who were in the household at the time the census was taken. At this time, these Thompson families were all living in the Bush River Lower Hundred. I searched in vain to find a map old enough to show the exact location of the 13 Baltimore Co. Hundreds, that were in existence at the time of this first census. In the 1783 tax returns, there were two Aquilla's Alexander, Andrew, James, two Joshua's, Daniel, Thomas, two John's, in Harford Co. They were very likely sons of these two early pioneers, who werepart of that first great migration from Ulster, 1718 to 1750.

EPISODE IN HARFORD CO. SEARCH.

In 1960 while searching for relatives in Harford Co., I was directed to the home of Thomas Spencer in search of Margaret Spencer, whom Florence Thompson Arbogast of Stone Creek, Ohio, had told me that her Grandfather Andrew Thompson (son of Josiah), used to visit relatives by that name in Forest Hill, Md., and that she used to address letters for him to these relatives. I found Thomas to be a very likeable and friendly man, and soon learned that his wife's maiden name was Alma Thompson. His wife was a school teacher in the County seat, Bel Air, so, by appointment I met this friendly lady in her home the next evening. In course of our conversation she wanted to know if I would like to meet her father. Nothing would suit me better. The moment I saw her father, I said to him, "You look so much like my father, I would say you were brothers." His grandfather was Aquilla Thompson. I believe this grandparent was a close relative of Thomas Thompson, the father of our Andrew. A deed from David Durham to Andrew Thompson, 6th of May, 1777, calls for 70 & half acres out of tract called Wheeler's Outlet. Mar. 24, 1779,

Andrew Thompson leased this tract to Thomas Blaney. Daniel Thompson had a daughter whose married name was Blaney. It is possible that Thomas was Andrew Thompson's grandson, with whom he lived, after his wife's death.

THE DENBOW FAMILY

We are interested in this family, because our fore-father, Andrew, married Elizabeth Denbow and their oldest son married Cassandra Denbow, the daughter of Thomas Denbow. The Harford Co. records show: John Denbow (deed) from Benj. Amos, (son of James), 30 acres known as Chestnut Ridge, Mar. 19, 1778. Price 50 pounds.

John Denbow (deed) from Daniel Thompson and his wife Mary, 48 acres known as Willson's Choice, 2nd of Mar., 1782. Price, 50 pounds.

The property return of 1783 shows that he had 50 acres out of Sarah's Desire and Aston's & Deal's Chance, a total of 128 acres. This same return shows that he had " free male under 21", Thomas Denbow; assessment, 2 pounds, 3 shillings, 6 pence; total whites 9.

Andrew Thompson's wife, Elizabeth, was one of his children, and ad we shall see by the will of Thomas Denbow, (a nephew of John Denbow.) Cassandra, the wife of Josiah Thompson, was his daughter.

THE WILL OF THOMAS DENBOW

These are the two sons of Thomas Denbow, to whom he gave the land that he had purchased in Harrison Co. The only record that could be found is as follows: Feb. 3, 1845, John Denbow owned a part of S.W. quarter Section 19, twp. 13, Range 5, Carroll Co. A part of Harrison County was taken to help make up the County of Carrollton.

OHIO LANDS FOR SALE

The original plan adopted by congress for sale of lands in the North West Territory, proposed to sell in tracts of two million acres. What homesteader could buy that much land?
The second ordinance reduced it to smaller tracts of one million acres. Then, in May of 1796, an act was passed by Congress, directing lands to be divided into Townships of six miles square.
In 1800 another Act was passed, subdividing into half sections, and half sections subdivided, and offered for sale at $2.00 per acre, on a credit of 4 years. This enabled many to become land owners.

HARRISON COUNTY

This county was an unbroken wilderness when Andrew Thompson and family settled on what is known to this day as the Thompson farm, up the "dining fork," to the north of the old valley road, and the west side of the old road to Lamartine. It is actually in the north west corner of the junction of these two roads. The old map shows a strip of land to the east of Lamartine road. In their search for land they evidently found this fine flowing spring & built their cabins. Water was very essential for the family and the live stock. This farm did not reach into the valley. It was strictly a hill farm. It is difficult for us to even imagine correctly the living conditions of the struggling pioneers. They were poor, but industrious. Their style of living was a far cry from what we even complain about. Grain and wild meat were plentiful, but one very scarce commodity, essential for living, was salt. This was so scarce that it is said that one farmer traded a fine three year old heifer for a barrel of it, and another man grubbed 5 acres of land for one barrel. This land was all heavily covered with white oak and had to be cleared before crops could be grown. There was nothing to be done, but cut it down and pull it together as much as possible, with horses and burn it. Of course, the fuel for cooking and heating was provided first. Then logs of one size were used for all the buildings, house, barn, spring-house, tool shed, cribs, fence posts, and usually a summer-kitchen when they became more prosperous. Chickens and ducks & geese, & turkeys became more plentiful as the forrests were cleared. Also, the maple timber was saved for a sugar-bush, where maple syrup and sugar were made for the following year. Their sheep furnished the wool to be spun into yarn for their clothing. Dress shops were unknown. They made their clothing from what little yard goods they could afford to buy, but much of it was hand woven. The families, as a rule were large, from 8 to 18 children, and all had to be clothed and fed, and sheltered. In my short life time I can remember when the snow drifted into our upstairs bedroom, all over our bed. But we were as warm as bugs in a rug, with a feather tick over us, and just as happy (possibly happier) as the sheltered children of this era. We were living in a log cabin on a farm not far from where Andrew Thompson and his family settled 100 years before. As the crow would fly, about 2 miles separated the farms. But bear in mind, I never knew any thing about my fore-bear, Andrew Thompson, until this research was started about 4 years ago. The start was from "scratch."

PROPERTY OWNERS IN OHIO.

Josiah and Zachariah Thompson, brothers, were granted a U. S. patent for West half, of south west quarter of section 23, in township 12, and range 5, New Rumley Township, of Harrison County, Ohio, bearing date at, City of Washington, 9th. of Aug., 1824, as tenants in common. We have noted under the

title, "Ohio Lands", an act was passed by Congress in 1800, subdividing tracts into smaller parcels selling at $2.00 per acre on credit of 4 years. This, they very probably did. They acquired it about 1820, and received their patent in 1824, when they proved their intent after the 4 year period. Then when they partitioned, Josiah and his wife took the north half, and Zachariah & his wife took the south half, May 29, 1828. They must have had cabins for the three families, the father, and two sons.

THE JOSIAH THOMPSON FAMILY

Josiah Thompson & Cassandra Denbow were married in 1822. They must have lived on the old homestead until they sold their half of the farm to Eli M. Thompson, Dec. 29, 1828. Then, as we have seen under the first ohio census, "1830," they moved to a farm in North Township, west of the old farm, but in the same County, until Carroll County was formed out of parts of Harrison, Tuscarawas, Stark, Columbiana, and Jefferson in 1833, then this part of North Twp. was taken into Carroll Co. That is why, Josiah Thompson moved from Carroll (not Harrison) County in 1849, to Tuscarawas County. The following is an exact copy of the deed for the farm they bought: From David and Jonathan Adams to Josias Thompson----------This indenture, mad this third day of October, in the year of ouer Lord, one thousand, eight hundred and fairty nine, by and between, David and Jonathan Adames and Sarah, wife of David Adams, of the County of Tuscarwas, and State of Ohio, of the first parte, and Josias Thompson, of the County of Carroll, and state off Ohio, said of the othre part, in considr of the just sum of ome thousand dollars, to them in hand, all that track or parcel of land, being in the County of Tuscarawas, and in the State of Ohio, it being lot no. 33, of section three (3), in township seven (7), of reange two (2), of the landes in the military district, subject to sale at Zanesville, Ohio. This parcel of land containing 100 acres has a family burying ground on it, which is the final resting place of Josias, and his wife Cassandra, his oldest son Thomas, and second son, Andrew & wife, Catherine Keffer, and several of Josias daughters. The relatives told me that Josias had the choice of nice bottom land or the hill farm. He chose the hill, because he was afraid the bottom land would overflow in the spring, and ruin the crops. Today the bottom land is worth many times more than the hill ground. This farm is still in family ownership, after 112 years. Benjamin Toland bought lot 34, which joins Josias Thompson farm, (lot 33,) on the north, Mar. 30, 1850. (Vol. 31, Pg. 467). The highway cut the Toland and Garabrandt farms in two. So, in order that Josias Thompsonmight have an outlet, they gave him a deed for a "right of way" along the Dividing line between their farms (lots 34 & 35), Dec. 9th, 1852, (Vol. 32, pg. 599.) We have previously noted that Martha Denbow Toland and Cassandra Denbow Thompson, were sisters, mentioned in the Thomas Denbow will. Benjamin Toland was sole Executor of the Denbow Estate, in Harford Co., Md. Now, these sisters are living on adjoining farms in Tuscarawas Co., Ohio. The older members of the family remember the Toland spring, near the lane, and the tin cup they drank the cool spring water out of. Grounds were purchsed near "Old Town", Sixth day of February, 1860, by Thomas Thompson and Eve A. Bair Thompson (his wife) & Andrew Thom pson for sum of $5.00 for use and purpose of erecting a house for place of worship for members of Methodist Episcopal Church. Eight years later, Evelyn Bair Thompson was laid to rest in these very grounds after she gave birth to twins.

COUNTERFEIT MONEY

One Peter Figert, swore that he received a bank note of ten dollars on 8th day of May, 1860, from Josiah Thompson, and said money has been returned as a counterfeit bill, July 13th, 1860. Mr. Figert paid it to Mr. Butler, May 12,

1860, and Mr. Butler paid it to John Burch, July 5, 1860. On July 13, 1860, it was returned to the bank as a counterfeit bill. The original, from which I made this copy had the disposal of the case torn off. I am sure that Josiah Thompson was no counterfeiter, and some one passed it on to him and he never suspected it was counterfeit. There were crooks then as there are now. We can rest assured that Josiah Thompson was exhonorated.

This is a picture of Thomas Thompson and children. Johnson, Cornelia Ann, & Mary Elizabeth.
The granddaughter, Ida Aubihl, says "His wife died when my mother, Cornelia Ann, was only 8 yrs. old, & she was the oldest child, He had quite a task to raise his family. My Mother used to tell of some of the amusing experiences, and some very hard times that they went through together."
Thomas lived on the home farm. He taught school 2 years. He was a shoe maker and farmer. According to the day Book now in possession of Ida Aubihl, the price for making mens boots, $1.12\frac{1}{2}$, 2 pr. shoes $97\frac{1}{2}$ cts. Half-soling men's boots, 25 cts., and childrens shoes, 2 pr. for 25 cts. They furnished their own leather. He had to pay $2.25 for a Bbl. of salt in 1851. Nov. 13, 1858, he allowed the widow Shule, $1.00 for a spring calf as credit on her shoe repair account. Butter, $12\frac{1}{2}$ cts. per lb., Beef, 3 to 5 cts. per lb. He paid $1.25 a day for digging coal & $37\frac{1}{2}$ cts. a half day for chopping wood. Killing frosts in June, ruined the crops. We can see the way of the pioneers was hard, but they never asked their government for a hand out. They were poor, but honest and industrious.

Josiah's second son, Andrew, made several trips back to Md. visiting his relatives, the Denbow's. His Granddaughter, Florence Arbogast, has a New Testament, dated 1846. Written on its front page, "Nov. 14, 1850, Gabriel Denbow." On inside front cover, "Susannah Denbow, 1850"--Andrew Thompson--this a present. Md., Harford Co. 1860.
Thepicture on the right is Andrew, when he was a young man.
Susannah is a daughter of Gabriel Denbow. She died in 1859, and is buried in the "Old Brick Church" yard, Where the Thompson girls were members. Susannah was only 25 years old when she died. Gabriel and Andrew's mother, Cassandra were brother and sister. So, Andrew visited his uncle and he

gave this nephew the much prized Testament as a gift by which Andrew would remember his cousin, Susannah. Her father, Gabriel lived until 1894, and then was laid to rest beside the daughter he so dearly loved. What a prized possession this Testament should be as it passes from one generation to the other.

Anna Thompson Hendricks, Granddaughter of Josias and Cassandra Thompson, well remembers the Denbow's from Md., that visited the Stone Creek Thompson families.
Across the page is Thomas Denbow, the brother of Cassandra. Below is Cassandra Thompson.
On the left at the bottom of this page, is Minerva, the beautiful daughter of Cassandra, who died as a young woman from the effects of measles.

1-1 Andrew Thompson	1769-1835	1-11 Josiah 1795: Zachariah 1796:
Elizabeth Denbow	1773-1848	Eli M. 1798: Sarah 1801: Gabriel 1804
		Daughter 1806: Eliza 1808:
		Clemency 1810: Basil 1813.

Upon thorough examination of the Elizabeth Denbow Thompson marker, in Allen cemetery, I found she lived to be 75 yrs., 5 mos., 27 days. The Zachariah records state that she died in 1848.

The Md. census clearly states 4 daughters were born between 1800 & 1810. The Zachariah family records state that 8 children came from Md. to Ohio. This being the case, this daughter born 1806, must have died in Md. I am convinced that Andrew and Elizabeth were just a little closer to Zachariah than any of the other children, because so many little details that no one else seemed to know any thing about were found in these Zachariah records. It is my opinion, this is on account of the father & mother living very close to This son, very likely on the same farm. The Ohio census of 1830 bears this out, since one follows the other according to the original census record; That is, they lived close to each other. What finer thing could this son do than see to it that his parents had proper care in the sun set of their lives. The Allen Church was but a short distance from their farm home. Here is where all assembled themselves together on the Lord's Day, and when these parents had breathed their last, it was fitting that they were among the first to rest in the Allen city of the dead. We, the living, have we so soon forgotten our fore-fathers? Do we look with disdain on how much they did with so little? God forbid !!!

THE ZACHARIAH THOMPSON FAMILY

This is Zachariah and Priscilla Albaugh Thompson in later life.The single photograph is Zachariah as an ordained minister of the Christian Church. Zachariah & Priscilla were married Jan.25-1822 by Justice of the Peace B.W.Viers,New Rumley,Ohio. Priscilla was born on her father's farm near Kilgore,Ohio.Her family were Lutherans by faith, and did much to establish their denominational church at Kilgore. Priscilla had a brother, William. Zachariah had a sister, Sarah. There was a William Albaugh who married Sarah Thompson, but as yet, he has not been identified as Priscilla's brother. As we have learned, heretofore, Josiah and Zachariah, brothers, took up an original land grant from the government, and received their land patent from Washington, D. C. , 1824. In 1830, Zachariah, by purchase, owned the entire original tract. When the first Ohio census was taken in 1830, the original record shows Andrew Thompson family was taken first and the Zachariah family record is next in order. In my opinion they lived on the same farm and this explains why Andrew Thompson never appears on Record as a property holder, and also explains why the Zachariah family had more knowledge of the parents than any of the other children. The Zachariah record, which has been such great help in compiling data on the family, states that his father, Andrew was a Universalist by faith. It also gave the maiden name of the mother, as Elizabeth Denbow, and her death in the year of 1848. Enough of the Disintegrated head stone was found to confirm the first name, and we already know that the Denbow family was near neighbors to the Thompson family in Md., and that two Denbow boys and two daughters came to Ohio about the same time that the Thompson family came. It was a rule of practice that relatives migrated together. That rule holds good to this day, as in the case of migrant workers throughout America. And if we desire to go back in antiquity, just recall Abraham's nephew,Lot, went with him to the Land of Promise. This Thompson farm still has some of the fruit trees, and berry bushes, and grape vines that they set out. The log buildings were in such good state of preservation when Zachariah sold out to James A mos, in 1865, that the new owner gave them to a neighbor, if he would move them off the land, as he wanted to use it for pasture and did not want the buildings. A farmer used them to build a set of buildings on his land. An epochal event took place in Zachariah's life in 1828 when in his own home he confessed Christ as his Saviour, was baptized, and united with what was then called the

Christian Connection and afterward joined the reformation under Thomas & Alexander Campbell, and was called to Eldership of the congregation by his Brethren. In 1842 he was ordained minister of the gospel in the Christian Church which was known as the Allen Church in the community in which he lived. It has been noted before that this church was originated through the untiring effort of Sarah Allen, whose husband, Joseph Allen, built the first log church in which this saintly woman proclaimed the message of salvation. Zachariah and Priscilla had a family of 11 children, all born on the old farm. A son, Morris, died at the age of two and a half months, July 1, 1826. Their oldest son, William, stayed with his parents on the farm until he was 18 yrs. old. Then in 1841, he went to Steubenville to learn cabinet making. In August, the following year he confessed Christ under the preaching of Fenton Sun, and was baptized the same hour of the night in the Ohio river. March 7th, 1847, William was married to Eliza Jane Stewart, of Lamartine, but she died April I4th, I848, one month & eight days after her son Stewart L. was born. Her grave is in Methodist Church yard, Lamartine, O. A large stone slab seal what appears to be a stone lined vault with an upright slab at either end. This mother I8 yrs. 6 months old gave her life that a child might be born. No one knows such sorrow except the young christian husband who bore it. It was this son William and brother Morris J. who made the first move to Iowa, by wagon-train with their families in 1854. They were 40 days on the road, doing their own cooking, and, sleeping in their wagons, reenacting the same sort of adventure experienced by their grandparents from Md. to Ohio, 37 years before. Other members of the family followed until Zachariah and Priscilla followed in 1866, and established their home on a farm near Brush Creek, later changed and now known as Alington, Iowa.

CHARLES HOOLEY
AMERICAN CAMPAIGN
VICTORY

This portrait is Eli, the 3rd child of Andrew & Elizabeth Denbow Thompson, the grandfather of the author of this book. He led the family cow from Md. to Ohio in 1817, through the unbroken wilderness to their new Home. He was a carpenter by trade, and a farmer. My father always spoke of his father as being as thick chested as he was broad. In later life he was kicked in the face by a 'rough-shod' horse and carried the dents of the horse shoe the rest of his life. A less sturdy man would have been killed outright. He was married, Feb. 12, 1829, to Sarah Sally Sell, by the Justice of the Peace, Morris Albaugh, Who was the father-in-law of Zachariah Thompson. She was 17 yrs. My father always spoke so kindly and lovingly of his mother. She must have been a good mother, but was taken home when my father was 17 yrs. old. He felt this so keenly all his life, because his home was gone at this comparatively young time of his life. What a glowing tribute to a mother when her son misses her and speaks so well of her. Her grandson

Below is Eli's grandson, Samuel M. Thompson.
On opposite page, are his Navy medals , awards etc. He arose to Turret Captain 1st. class, Oct 26, 1909.

who never saw her, does see her in the light of such a tribute and thinks of her in just that very way. My father told how he helped her bake bread in the old dutch oven. She would knead the dough in a wooden trough, then let it rise. Then knead it again and when it had risen the second time it was ready for the oven. Pa's job was to have the oven heated , ready to pull out the hot coals, When his mother gave the word. What boy would not do that just to get the crust from that big warm laof, spread with good country butter. Apparently the family lived around Steubenville, the first part of their married life. Earl Thompson tells of the time his father was a small boy in dresses. He saw a peach on the tree in the yard next door, so he crawled under the fence and picked it off and started to eat it, when a man picked him up and spanked him, then took him to his mother and told her what he had done then said, "I am taking this boy down town and get him a suit

of clothes." This man was none other than Edwin M. Stanton, a young lawyer, who later became the Sec'y of War to President Lincoln, and this little boy grew to manhood and enlisted in the Union Army, served under Grant& Sherman and was with the victorious army that marched to the sea, in the famous 80th Ohio, Co. D. When my father was a baby his folks moved to Scio, buying a 142 acre tract, also a 20 acre tract, South of Scio. My brother, David, recently bought this same 20 acres and did not know at the time that our grandparents had lived there. No doubt he is using water out of the very spring our grandfather stoned up for the family water supply. A few years later, grandmother bought the Peter Trushall tract of 66 acres where grandmother passed away and the home was broken up. My father never seemed to recover from the loss of his mother. He no doubt was her mainstay and helped her so that their companionship was very close. His brother, Winfield Scott was also taken from the family the same year, prior to the mother. The story is told how Winfield Scott and my father went to town on Sautrday evening as the custom was in those days. A couple boys were fighting and Winfield took each of them by the nape of the neck and then bumped their heads together and told them to run along and mid their own business. He was a peace-maker tailored for his day. He was a young giant physically, but some simple child's disease took his life. In our day his life would have been saved through prop er medical attention.

Record of first grand children and a lock of Grandmother Sarah Thompson's hair

Thomas was a carpenter by trade. His wife died young. The second son was small and was taken to raise by the mother's relatives and the Thompson family never heard from him afterward. The only time I ever saw my Uncle Tom was when he came to our house on the farm near New Rumley and took me to town and bought me a blue serge suit for my 12th birthday, as I was his namesake. He spent his remaining years in the Soldier's Home in Ohio.

1-111 Edwin S. Thompson 1847-1916 8-1V Faye, Charles.
Mary Butterfield 1850-1923 Edwin was a stone mason by trade.

Aunt Mary was a graduate of Harlem Springs Academy, Ohio. She was a very good musician.

1-111 William H. Thompson 1850-1900 9-1V Shelby, Myrtle, Chester D.
Maria Shilling 1854-1925

William was a farmer. It is believed that Grandfather Thompson and this son lived together after grandmothers death. William had the family bible which indicates this. William was accidentally killed when he stepped off the wrong side of the train at Connotton coming home from Dennison. My father said this funeral procession of horse and buggies, was the largest he had ever seen. He was such a kindly man & wonderful neighbor, and the community gave expression to their high esteem in this manner.

1-111 Winfield S. Thompson 1854-1873 This young man was a giant in stature. Who would ever have thought that a simple child's disease would slay him? This must have been a fatal blow to his loving, but ailing mother, for she was takento her heavenly home shortly afterward. This seems to be a part of the price one pays for the privelege of having a family.

1-111 A.P. Thompson 1856-1926 10-1V Lorenzo G., Lawson D., Thomas
Catherine Weyandt 1857-1956 W., David B.

This is the family from which the author of this book came. My father was an excellent carpenter, built many houses in Dennison and around in Harrison & Carroll counties. I remember how he built a beautiful country home, hand made all the windows and door frames (with transoms) and built the stone wall with the help of his brother Edwin, for the magnificent sum of $60.00. He had his board and room for himself and care for his horse while he was there. In those days we never went hungry because our living for the most part was in the garden to prepare for the meal, and the meat house, and in the cellar, fresh fruit in season, eggs in the chicken house for the gathering. All in all the wonderful life.

Charles taught school when wages were a few dollars a month, and boarded around among the parents of the pupils. He became principal of the Dillonvale Schools and the National Bank of Dillonvale called him to the position of Cashier, from which position he has arisen to Presidency of the bank. During The infamous banking holiday, he stood out against the Dept. of Revenue and won the day by reorganizing the Bank and asking for a new Charter, which was granted, and the board bought up all the so-called worthless investments thrown out by the government, which payed out 100 percent without exception, and some even paid a substantial premium. This man almost single handed saved this bank and earned the unprecedented respect and admiration of the community. Our fair nation needs more men of such sterling worth and character.

Clerk Leads Way in Carroll

Mrs. Long Is First Woman Named to Major Office

CARROLLTON—A mild-mannered, soft-spoken, 33-year-old Carrollton woman began her duties Tuesday morning as the first woman ever to hold a major political office in the history of Carroll County.

Mrs. Rhoda M. Long of RD 3, Carrollton was unopposed when she ran for clerk of courts on the Republican ticket Nov. 8. Earlier in the year she won out over four other Republicans seeking the bid in the primary, including one woman.

Mrs. Long said that although "there will probably be some criticism" as she carries out her duties, and that her sex "might possibly be a handicap," she feels well qualified for the position.

-:-

THE LAST FOUR years she served as deputy clerk of courts under Joe S. Kerr, who retired after five four-year terms. Mrs. Long feels the many days she spent in the clerk's office have given her a background and working knowledge which will be of invaluable help in the days to come.

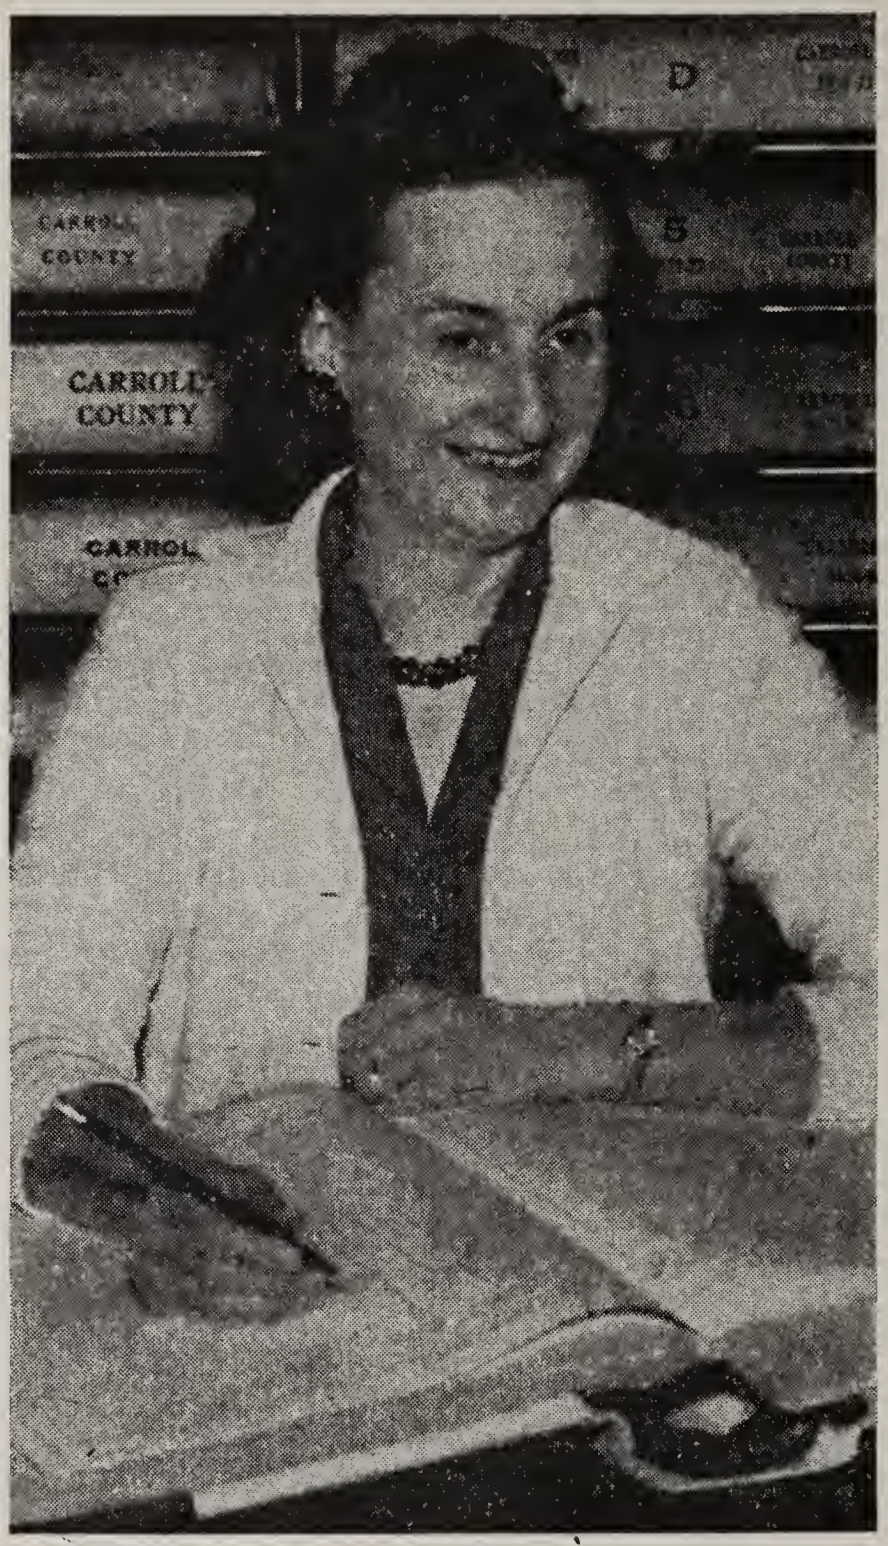
It was Judge Frank F. Cope, however, who encouraged Mrs. Long to run for the office. Not one for publicity, she decided this was one thing she wanted, and went after it. She said she believes the only other woman to run for public office in Carroll County made the attempt in the early 1930's on the Democratic ticket and was defeated.

After graduation from Carrollton High School in 1945, Mrs. Long worked at the J. C. Penney Co. store here and later at Good Roads Machinery Co. at Minerva. Upon hearing of an opening as deputy to the recorder, she applied for the job and was accepted. Her next position was "upstairs" to that of deputy clerk of courts in 1956.

-:-

MRS. LONG'S jurisdiction includes both the county and common pleas courts as well as the title department, where she oversees the filing of petitions and papers. Serving as her chief deputy will be Mrs. Faye Mathison of RD 5, Carrollton. Activities in the title department will be conducted by Mrs. Helen Bixler and Miss Margaret Boring.

When asked what hobbies she enjoys, Mrs. Long replied," just the farm" where she and her husband, Ray, make their home. She also is a member of United Presbyterian Church here and the Missionary Society of the church at Harlem Springs.



WOMAN POLITICIAN. Mrs. Rhoda M. Long, newly installed clerk of courts for Carroll County, will spend her working hours the next four years overseeing the filing of petitions and papers for the county court and common pleas court. She served the last four years as deputy clerk of courts.

THE END

BELOW is Duchess (part Wolf) our stock dog on the farm near Utica, Ohio. On command she would go a half mile around the hill, out of sight, and "Bring in" the cows. She was as gentle with the cattle, as she was with the granddaughter, Nancy Lee. If you tried to harm Nancy Lee, the wolf in Duchess would quickly come to the surface. The hair would rise on top of her neck and that was the way in which she said "Hands Off Please."

THE SARAH THOMPSON FAMILY

Sarah Thompson accounts for the 8th child that came with the Andrew & Elizabeth Denbow Thompson family in 1817 from Md. to Ohio, as stated by the Zachariah Thompson family history compiled by Blanche M. Horton & Elma J. Ross. The first Ohio census (1830) makes it clear that she was 20 & under 30, which fits into the Md. Census (1810), 4 girls were born in the previous 10 years. We definitely know when two younger sisters were born (eliza-1808 & Clemency 1810), and Gabriel in 1804. The Grandson, Charles Albaugh stated there was about one yrs. difference between the age of his Grandfather (William) and his Grandmother Sarah. The Shawnee Co. records of Kansas show, William Albaugh died Nov. 6, 1879 being 77 yrs of age. He was born in 1802, and a years difference in their ages, Sarah was born in 1801, which would fit in perfectly between my Grandfather Eli, Born 1798, Sarah 1801, and Gabriel, 1804. In order to account for the fourth daughter in the Thompson family we must place her between Gabriel, 1804, and Eliza, 1808, and conclude that she died in Md. before they came to Ohio. Sarah and William were married in New Rumley, Ohio, Sept. 18, 1823, by B.W.Viers, Justice of the peace. They lived in New Rumley Township according to the first Ohio census as follows:

Ohio census, 1830, New Rumley Township, Harrison County.

William Albaugh- Head of Family.

Males under 5----------2	Morris 1829- 1 Yr. Basil 1827 3 yrs.
Males 5 & under 10----------1	Joseph 1824-6 yrs. Died in Childhood.
Males 20& under 30----------1	Wm. The father 1802- 28 yrs.
Fems. 5 & under 10----------1	Elizabeth 1825- 5 years.
Fems. 20& under 30----------1	Sarah the Mother 1801- 29 years.

In 1833 Carroll Co. was formed out of parts of Harrison, Tuscarawas, Stark, Columbiana, and Jefferson Counties, so that portion of Harrison county in which this family lived then became Carroll Co. According to the history of Harrison and Carroll counties, under the name of Samuel Albaugh, a son of Sarah, his parents lived in Carroll County until 1849, when they moved to a farm about a mile west of Scio, in north township, Harrison county. They lived there until the spring of 1877, then moved to Osage County, Kansas, where they bought one tract of 46 acres, on which they lived, and another tract in Osage Co., where Robert Patton Albaugh moved to with his family in the fall of 1877. His son Charles, took me by this farm, a beautiful tract, but no original building was left, just what looked liked a couple storm cellars remained. On Monday, April 10, 1961, the Grandson, Charlse Albaugh, and I went to Topeka, Kansas and found the records containing the will, and all papers pertaining to the settlement of the estate etc. William Albaugh made his will the 14th day of Oct. 1878. Every member of his family was mentioned but his wife. In every case, the wife is entitled to her dower rights, so she must have died previously, and very likely a short time elapsed, then he made his will. We concluded, that she died in the early fall of 1878. He was in poor health, which is given as the reason for them making the change so late in life, probably thinking that the western climate would be beneficial. She must have been a wonderful wife and mother, to consent to, and help carry out, such a venture for the sake of her husbands health, and as so often is the case, she was called home before her husband. Their son, Basil, and his family, had been in Kansas for a short time, and very probably encouraged the move, hoping his father would benefit by it. The son, Andrew Albaugh, was the administrator of the estate, but he lived on a rented farm. The court ordered sale of the estate the 13th of Oct., 1880. The Administrator filed his yearly report, July, 1881, then returned to Ohio, where he died in 1882, after which time Catherine Albaugh Secrest, petitioned for letters of Administration 'De Bonus Non.' Morris Albaugh bacame homesick and returned to Ohio, but Catherine, Basil, Martha Ann, and the Robert Patton families remained in Kansas. These original tracts are now valuable pieces of farm property. Of

course, one hundred years makes a big difference. In 1961, when all we heard in the East was 'recession; it was very heartening to read in the Topeka paper that the state's economy was on the rise. Evidently, their 'right to work law', must have been beneficial. The grandson, Charles Albaugh, still lives close to where the first families migrated to Kansas. His daughter and family live close by. His nephew, Erie Lepper and wife, also live in Richland. This nephew is only 2 yrs. younger than his Uncle. They have all been life long workers in the United Brethren Church. Charles has been Church trustee over 50 years. His granddaughter, Marilyn Montfourt, plays the piano for church and Sunday School. Samuel C. Albaugh who remained in Ohio, taught school in Harrison & Carroll counties for 35 years. Those of us who remember these school teachers in these early days know the worth of these men who played such a vital role in forming the character of the youth. They were dedicated men, wages were small and hardships many, but were devoted to reading writing, and arithmetic, even if it had to be taught to 'the tune of a hickory stick.' The Rev. Robert M. Albaugh had this to say about his Uncle: Samuel C. Albaugh was born in Harrison Co., Jan. 31, 1831, died Dec. 1, 1907. Samuel, united with the Brethren church at Gundy's Ridge, later became a memberof the M.E. Church at Hanover. For 35 years, this good man guided the minds of the children entrusted to him in the rural schools of Harrison and Carroll Counties, of Ohio. He was a man of very high ideals and was probably a little impatient with those of lesser ambitions, but he always strive to do the right in all things.

THE SARAH THOMPSON FAMILY STATISTICS

1-11	Sarah Thompson	1801-1878	1-111 Joseph T., Elizabeth, Basil,
	William Albaugh	1802-1879	Morris, Samuel C., James, Wm., Andrew
			Catherine, Robert Patton, Martha A.

because his father never mentioned him.

1-111	Elizabeth Albaugh	1825-1906	1-1V Ruth, Sarah J., Martha E.
	John Allen	1823-1851	

John is a son of Joseph & Mary Manchester Allen. Mary Manchester Allen is the saintly woman who established the Allen church, in which cemetery so many of our ancesters are at rest. The oldest sister of John, Elizabeth, married Gabriel Thompson, a younger brother of the subject of this chapter. Under the chapter of Zachariah Thompson, we find his daughter, Martha, married William Allen, the youngest child of our pioneer Allen family. John Allen, like so many of his relatives, especially on the Thompson side, migrated to Iowa, where their family was reared.

1-111	Basil E. Albaugh	1827-1904	2-1V Sarah J., Elizabeth, Maria C.
	Nancy	1827-1902	

Basil was the first of the family to migrate to Kansas. He was a carpenter by trade. His wife was sickly, and no doubt they thought the change in climate would be beneficial for her health. They are both buried in the Osage City cemetery.

1-111	Morris Albaugh	1829-1887	3-1V Rebecca, Wm. J., Oscar, Keturah,
	Elizabeth Caughey	1832-1891	Sarah, Mary, Melissa.

Morris was a blacksmith by trade. Apparently Morris went to Kansas with the parents in the spring of 1877, because he lived on one of the tracts of land that his fatherppurchased. When the estate was settled, his father willed this farm to him, but it was sold to satisfy the indebtedness of the estate. The family grew homesick and returned to Ohio. He died in Deersville, Ohio, October 31, 1887.

BELOW is Mary Ann Albaugh,the oldest child of Robert Patton Albaugh,and her husband,Ermon Coyne.She is the grandmother of Sterkel Coyne who spent a year on the ice at the South Pole.

Piqua,Ohio.

Hello Cousin Thomas:

I don't know much to tell you about my trip to the Antartic. I guess the most interesting part would be that I made two I3 hundred mile trips on a bulldozer at an average speed of 2.8 miles per hour.The trips were from Little America to Marie Byrd Land,and back.

The purpose of the trips were to haul supplies.One trip took 28 days and the other one took 37 days.We traveled 24 hours a day driving the tractors in two I2 hour shifts.

I spent a year on the ice.I was with the Sea-Bees. We were the support forces for the civilian scientists.

I am enclosing a picture of my trip that you are welcome to use.

We are looking forward to seeing you when you come to Piqua.

Sincerely
Sterkel Coyne.

Dear Reader:Please turn to page 5 in the SUPPLEMENT for Sterkel's picture, and see how he was dressed while on the ice in Antartica.

Samuel taught school for 35 years in the rural schools of Harrison and Carroll counties. His wife, Ann Maria is a sister of the second husband of my father's only sister, Margaret Ann Thompson, who married Alexander May.

Sarah was the daughter of John & Catherine E. Simmonds Hess. The Hess family were noted millers and millwrights. They built and set up for operation many flour and feed mills in Harrison and adjoining counties.

3. Mary Brooks 1839-1880 father's estate in Richland, Kansas.

After submitting his first yearly report to the court in July, 1881, he returned to Ohio and died shortly afterward. Thomas Wm. told his son Clifford that he was 4 yrs. old when his father, Andrew died. There must have been an epidemic since the little girls died about the same time.

1-111 Catherine Albaugh 1842-1913 Catherine had no children of her own,
Jacob Sechrest 1849-1909 but she mothered the children of her

husband's former wife. She was the last child living with her parents, and her father rewarded her by willing the home farm to her as long as she remained single. She evidently cared for her mother and father in their last illness.

Sarah E. Hines 1852-1937 Edgar B., Francis J., Charles E.

Robert first located on the tract of land purchased by his father in Osage County just a short distance from where his folks lived on their 46 acres. After the parents died he was home sick to return to Ohio as the two brothers did, but the good wife said "We have moved out here and we are going to stay." And they never regretted it. Today their son Cahrles still lives in this same community and his community is preserved for posterity by his public service, 23 yrs. as President of the school board, and 16 years a Township trustee, and 50 years as U.B. Church Trustee, and many years as conference layman. His parents were stalwart and substantial citizens before him.

THE END

Gabriel D. Thompson, Born 1804 and died 1879.

Elizabeth Allen Thompson, Born 1811 and died 1866.

Harvey Elsworth Pittenger, born Jan. 17, 1868. The oldest living relative of our family. Residence, Jewett, Ohio

Gabriel Thompson married Elizabeth Allen. It was my pleasure to visit the Old Allen homestead, and rumage through the 2 story brick house with full basement and floored attic with a stair case all the way, made from brick, the material being taken from the ground on the farm. The basement was double 12 inch square hand hewn sand stone. Every window and door had solid hand hewn sand stone lintle & sill, not a one was broken after about 116 years since they were laid. As we have already seen, Sarah Thompson Albaugh's oldest daughter, married John Allen, a brother of Elizabeth. And the youngest brother of Elizabeth, married the daughter of Zachariah Thompson, a brother of Sarah and Gabriel. The two families were close neighbors, and apparently the Sarah Thompson Albaugh family did not live very far from the old Allen Homestead. We do know they all lived in New Rumley Township in 1830, at the time of the first Ohio census. As we have also noted elsewhere, that Elizabeth's mother held religious services, she being the first preacher, in the log church built by Mr. Allen, on his farm. This saint was seriously concerned about the souls of her neighbors, and evidently had great influence on Gabriel Thompson, since his descendants speak of him as being a very religious man. When this church and grounds were set aside as a public place of worship, the donor, Joseph Allen saw to it that his son-in-law was on the three original trustees as follows: John Hendricks, Jacob Gladden, and Gabriel Thompson.

The following is a description of the Allen burying ground: Trustees of Christian Church, John Hendricks, Jacob Gladden, Gabriel Thompson, at Dining Fork of Connotton, Joseph Allen and Sarah, his wife, for $1.00 to trustees of Christian Church and their successors in office, Co. of Carroll, State of Ohio parcel of land situated and being a part of N.W. ¼ of section 22, Twp. 12, range 5, beginning at the same 26 rds. N. from S.E. corner of said ¼, thence N., 12 rds., thence W., 12 rds., thence S., 12 rds, thence E., 12 rds. to the place of beginning being 144 rds.

Joseph and Sarah Allen deeded the following tracts of land to their son-in-law S., ½ of E., ½ of N.E., ¼ Sec. 22, Twp. 12, range 5, Carroll Co., Ohio, June 6, 1831, 40 acres for $50.00. And the N. & E. ½ of N.E. ¼, Sec. 22, Twp. 12 r range 5, May 6, 1835, 40 acres for $100.00.

The oldest living descendant of Andrew and Elizabeth (Denbow) Thompson, Harvey Pittenger, 93 years old, Jan. 17, 1961, accompanied me to his grandparents old farm home (the 80 acres described above.) The original house that Gabriel and the Allens built has a stone wall similar to the Allen house, but the building is made of heavy plank standing upright held together with wooden pins. The plank are tongue and grooved. The full basement was used as kitchen and living room, since the huge fireplace was open in the basement, with the equipment for cooking. That had been taken out by the present owner. He found the partitions up stairs were made of the same plank as the outside walls. I was told these planks were sawed out with a whip saw, so called because it whipped so much while in motion. It was built on the order of a cross-cut saw standing in a vertical position, the movement being up and down, and most likely was powered by horses traveling in a circle, hitched to a heavy pole that was fastened securely to an upright shaft, on the end of which was a cog that worked in a cog on the end of a horizontal shaft that run to the saw rig. The horses had to travel at a steady gate to keep up the power. The power was really in the ration of the gears. I was also informed that the planks were tongued and grooved by an iron made by a blacksmith, which was held in place on the edge of the plank by handles and the iron was pulled by a couple men, on the end of a strong rope. This would seem crude in our time but they urilized their man power and the work they did still stands after 130 years. The old road that ran between the house and the barn was relocated some distance below the original buildings. In order to have easier access to the barn, it was torn down and moved close to the road. The present owner said

the original logs were used for the timber frame and all but a very few were in perfect condition. As the custom was in that early day, the buildings were placed as near to a spring as possible. To my surprise, in their spring house, two springs had been channeled together and formed a fine stream of cool water. Elizabeth (Allen) Thompson followed in the foot steps of her saintly mother. She was an Herb doctor and at the service of her neighbors in times of sickness. She was not in too good health at the age of 55 yrs., but when a neighbor in distress called at her door at evening time saying there was sickness in his family, she thought of her ailing neighbor first, and herself afterward. She got wet coming home through the fields that night and chilled and took pneumonia, and the Lord called her home to her Eternal reward. Three years after Elizabeth's death, Gavriel married Tacy Roby, Aug. 8, 1869. They lived on the farm till 1873, when it was sold for $4000.00 to Samuel Pittenger, the husband of the daughter, Antoinette, the mother of Harvey, mentioned above. His youngest sister, the 12th child Eva Edith Stausbaugh is still living (85 yrs. old).

1. Elizabeth Allen 1811-1866 Howard, Bathshebe, Harvey L., Twins
2. Tacy Roby ('46-46) Sarah Amanda, William.

Gabriel and Elizabeth must have been very frugal farmers to raise this large family. One thing we are sure of, they must have been good folks. As is so often the case when the great souls in a church, pass from the earthly scene, the efforts of their lives are felt in the communities to which their descendants move, and the old home church is no longer the place of power and prayer that it used to be.

ELIZA THOMPSON FAMILY

Eliza Thompson was born in Harford Co., Md., March 18, 1808. She married, Emanuel Hendricks, Nov. 16, 1828. At that time, her parents, Andrew & Elizabeth (Denbow) Thompson, were residing on what is known as the 'Thompson' farm near the Dining Fork, according to the Census of 1830. They were in close proximity to their son, (Eliza's brother), Zachariah, and this was where he lived. In my opinion, the two families lived on the same farm, and this son assumed responsibility for his parents in their last days, and this accounts for the personal statements that Zachariah made about his parents, that his children passed on to his descendants and were recorded in the Zachariah history compiled by Blanche M. Horton and Elma J. Ross. As an example, such a personal thing as the belief of Andrew, the father of Zachariah, is recorded as 'Universalist.' And the maiden name of Elizabeth, (the mother), was preserved as 'Denbow.' And enough of the disintegrated head stone was found to prove her given name was 'Elizabeth' as they had carefully recorded, and the number of children (8) that came to Ohio. And from no other source could these personal matters be found. This intimacy proves that this one son cared for his parents to the very last and then layed them to rest in the sacred city of the dead, so closely associated with their source of spiritual help, the Allen Church. As to Emanuel Hendricks, his parents, John Hendricks, and Susanna Custer, moved to New Rumley Twp., Harrison County, the same year he was born, 1806, and very likely he was born in the log cabin they built on the land they took up from the government, on which the family of 10 children were raised, and where the parents lived until their death, so says their son Thomas Hendricks in the history of Adams County, Indiana. (For further details turn to Supplement page 11.)
Emanuel took up land from the government, Harrison Co., Patent E. $\frac{1}{2}$ N.E. section 32, Twp. 12, Range 5, Dec. 10, 1827, on which he built the House which still stands and is occupied by the present owner of the farm. This house is in good condition, made of heavy tongue and groove plank standing on end, and held together with wooden pins. Their is a heavy cross wall where the Fire-place stood. The chimney in the accompanying picture will reveal its location. Here is where Eliza's children were born and no doubt where she died, at the early age of 37 years. This house is situated on the Scio-Kilgore ridge road about a mile and a half from Scio, on the east side of the road. I can well remember when my father and Uncle Ed had corn out on shares on this very farm, and if my father ever knew that his great aunt ever lived there I never heard him mention it. She was gone 10 years before he was born. Gertrude Hendricks Smith relates this incidence so vitally related to this house. Emanuel must have been a kind hearted man for he took in a perfect stranger, as one of the family. He sold his wool and kept the money in the house. This befriended stranger and a 'pal' decided to come to the house on a given night and rob the old man of his wool money. The 'pal' got cold feet and told Emanuel what was going to happen, but he would have nothing to do with it. So, Emanuel stationed his big boys around different places in the house on the night the crime was to be committed, and when the thief came thru the window and lit the lamp by the old man's bed, he pointed a gun at him and told him to hand over the wool money. Emanuel was afraid the boys would come in and get shot so he made a lunge at the thief and knocked the pistol out of his hand, just as the boys were coming in. They tied the robber up with a rope, and the boys saddled up the horses and they started down the road leading their prisoner. He demanded a horse to ride. They told him he walked out from town and he could jolly well walk back. They took him before a Justice of the Peace at that late hour of the night. As a result, their prisoner got a long prison term. The photograph of Gertrude Hendricks Smith was taken on her Golden Wedding Anniversary, Feb.,21. 1960, at the home of her son, Dennis Smith in

Colorado Springs. Gertrude relates it was her job to run the apple peeler and toss them into a tub, and keep ahead of 6 or 7 coreing and slicing. She got so sleepy she could hardly keep going, but no stopping. Then to school the next day. There was no bus that stopped in front of the house to take her to school either. She walked. These apples were used for drying, then sold at Penn's store in Bowerston for 2 or 3 cents a pound, and they thought they were making money. The apples were also used for making apple butter in the 25 gallon kettle out of doors. No fruit or berries were allowed to go to waste. What a far cry from the present. Her grandmother gave her half the cherries she picked. That summer she picked 80 gallons of cherries and sold her share for 20 or 25 cents per gallon. She hoed the corn as her father cultivated 10 or 15 acres four times, picked potato bugs, gathered sheaves, and did any other work that came along. I don't suppose her parents had any delinquency problem.

They live on a large ranch, elevation over 6000 feet and for their water supply they used a post hole digger down 11 feet and drove a pipe five more feet and over all total of 16 feet and have two wells with an inexhaustible flow of the best water any one ever drank. CLEMENCY THOMPSON FAMILY RECORD.

Jason Kirby

Clemency was the 8th child in the Andrew & Elizabeth (Denbow) Thompson Family. She is listed as one of four daughters born between the time the 1800 and 1810 Md. Census's were taken. Then the first Ohio census records the following; Ohio census 1830, New Rumley Township, Harrison County. Andrew Thompson------Head.
Males 15 & under 20----------1.
Basil, b. 1813, would be 17 yrs. old.
Males 60 & under 70----------1.
Andrew, b. 1769, would be 61 yrs. old
Fems. 15 & under 20----------1.
Clemency, Aug.4,1810. Census was taken prior to this date.
Fems. 50 & under 60----------1.
Elizabeth B.1775, was abt. 55 yrs. old
Basil was married in 1833, so Clemency and her mother were alone in their home before she was married to John Kirby as follows: State of Ohio Carroll county-- This is to certify that on the first day of October 1835 I joined together John Kirby and Clementia (Clemency) Thompson in marriage according to law. Joseph Walters Justice of the Peace. Clemency's father had passed away April 10, 1835. It is possible that they started house keeping in the mother's home. It is known that the John Kirby family, under his second marriage, lived in a log cabin that was torn down a few yrs. ago when the new highway was surveyed through Lamartine. According to the Zachariah Thompson family history, the mother lived until 1848. If, so, she outlived her daughters, Eliza, and Clemency. Her daughter Sarah lived until 1878 as we have already noted under the Sarah Thompson Family. Again this gives us reason to believe that the Zachariah family took care of the mother until the very last. And since these two daughters and the mother are at rest in the Allen burying ground, it becomes quite clear that this old church was the center of their spiritual interests.

CLEMENCY THOMPSON FAMILY STATISTICS

7-11	Clemency Thompson	1810-1845	1-111 Jason, Evan B, Margaret A
	John Kirby	1913-1892	
1-111	Jason Kirby	1837-1929	No children.
	Letitia Riley	1841-1928	

Jason Krby lived in Lamartine,(Perrysville) Ohio all his life. He was the undertaker for the vicinity for many, many years. What a pity there were no children left to propogate this family. He was a man of integrity, and honesty. He lived to the grand old age of 92 years.

1-111	Evan B. Kirby	1841-1910	1-1V Emma Clyde Kirby ('1872-1902)
	Sarah Amos	1849-1907	

I read in the 'History of Harrison and Carroll Counties' that Evan B. Kirby conducted a 'selectschool' in New Market (Scio) Ohio. New Market was platted March 30, 1852. It is possible that he had one of the earliest schools for children on record in Scio. In 1894 he was elected Clerk of Court for Harrison County, and moved his family to Cadiz, the County seat. He was a County official for many years and was a well known man around Cadiz. His daughter was the first of the family to pass away, and the entire family was gone within the

short space of 8 years time.
1-111 Margaret A. Kirby 1844-1869 She lived to be 25 yrs. old and then was called to her reward. Clemency left her little family of 3 children after a married life of 10 yrs., 2 months and 26 days. The oldest was but 8 yrs. and the youngest about a year old. 1 yr., 4 months, and 18 days later, John Kirby married Sarah Kennedy, May 15, 1847, by Job Lisetor, a minister of the Gospel. To this union were born Jennie Cynthia, who married Dr. George Custer; Sylvester who married Catherine Albaugh; William, Robert, and John who remained single. Jennie Cynthia lived to be 92 yrs. old. She had two children, Earle, and Layke. Earle Custer('1871-1931) married Ross Mortland (1871-1935). Two children were born to this union, George A., and Paul Custer Mortland. The name of Gen. George A. Custer is perpetuated in the names of these two sons, as well as the name 'Paul' of the Custer Lineage. These sons are living and their Uncle Layke Custer is also living. (Columbus, Ohio.)

BASIL THOMPSON FAMILY

Basil Thompson 1813-1895 Sarah Schick 1809-1905

Basil Thompson is the youngest child of the family that came from Md. to Ohio in 1817. In fact he was barely out of the baby stage. More of his descendants live in the vicinity where the family first settled, than any of the others. The old homestead on Chestnut ridge is presently occupied by his sister Sarah's grandson, Beatty Albaugh. And by the way, Chestnut Ridge, let us remember was the name of the tract of land that Basil's grandfather (Thomas Thompson) lived in, in Maryland. The older children would remember very well the place where their Grandparents Thomas and Sarah lived, but Basil was hardly old enough for that. However, he could remember in later life the stories about Maryland that his family told and retold around the fire place, as they eat apples and popcorn on these cold wintry evenings, after the chores were done. The old homestead mentioned above is not the Thompson farm, but the Basil Thompson homestead where he lived practically all his married life and raised his family. His oldest son, Tillman Thompson, lived where Beatty Albaugh's son Arthur now lives, and moved in with the old man and took care of him during his final illness. Tillman was the administrator fo the estate. Many of the moving spirits of the Scio Pottery are of this family. The head Secretary of the Pottery is Lena Lucille Thompson Hiller. The Receptionist is Mary Leona Thompson Getter. Harry Thompson (brother of Lena) is a shop foreman. Others work in the office, and many with the skillful fingers that it takes to produce good pottery work on the assemble lines. This family, by and large are given more to industrial lines, where as so many in the other families were skilled as carpenters, masons, blacksmiths, as well as farming, and the business world bankers, merchants and a few political figures as Senators, representatives and lawyers, and teachers not a few.

Sarah Schick 1809-1905 Oliver, Andrew, Josiah, Corbin, Wm.,
Basil.

They were married Nov.29, 1833. Basil married young. His Obituary states that he put off spiritual matters until late in life as so many are prone to do. He was converted and joined the Christian Church. No doubt his boy hood days were spent in the Old Allen Church where so many of the family were deeply interested in that early day. This left such an impression on him that the Christian Church was his by early training and his when he placed his life in the hands of his Saviour.

A House Inside of Me.

I have a house inside of me,
A house that people never see.
It has a door thru which none pass,
and windows, but there is no glass.
Sometimes I like to go inside,
There alone, with God to hide,
And doctor up my wounded pride,
When I've been treated rough outside.
And then when I have been to blame,
I go inside and blush for shame,
And get my mind in better frame,
And get my tongue and temper sane.
I always meet the Father there,
And as he listens to my prayer,
He gently heals my wounds and care,
And gives me strength to do and dare.
After he has made me strong,
And things are right that were all wrong,
I go outside where I belong,
And sing a new and happy song.
And then I hear the people say,
'Your Blithe and Bonny and good and gay'
And it's because I feel that way,
But they don't know thepprice I pay.
You have a house inside of you,
Where you can wage your Battle's through,
And God will tell you what to do,
And make your heart, Both strong and true.

GEORGE O. WHERLEY

George O. Wherley, the 4th child of Cornelia Ann Thompson & John A. Wherley, stayed on the old home farm (Tommy Thompson farm) on Old Town Valley, 3 miles east of Stone Creek, Ohio, until 17 years of age. When a farm job was to be done, he would say "Come on kids, let's get it done." He did his "stint" working on the Rail Road as a section hand as many young men did in that era, walking 3 miles to work and 3 miles home everyday. He worked for neighbors on the farm. At 17 he decided, after a few weeksin high school he could not "waste" all those years so he entered Massillon Business College. His father with a family of 9 children could not finance his education, but he did encourage him to make the best out of his own life. He earned his way thru Business College and in 1909 accepted the positon of Bookkeeper with the Northern Ohio Traction & Light Co. of Akron, Ohio, and arose to position of Auditor, staying with this Co. for 10 years. He resigned and went to Detroit, Mich. as auditor for the Bearing Service Co., a subsidiary of Timken Roller Bearing Co. He was transferred to the Timken Roller Bearing Co. in Canton, Ohio, where he set up the business for operation. Then, he was transferred to their Columbus, Ohio office as plant manager for 7 years, after which time he was made General Credit Manager for all operations-World Wide-of Timken Roller Bearing Co. until retirement at 65 years of age. But this was not all. A good man is not through at 65. He went to work with the Mortgage Securities Co., Canton, Ohio, as comptroller and after 5 years he is now Vice-President and Comptroller. This Securities Co. does all the work on F.H.A. & Veterans Loans, such as collecting, paying bills etc. for 40 banks, and Insurance Co's. in the State. They handle 40,000 mortgages from all parts of the State. A retired man is responsible for such a Colossal business. It

is plain to be seen the meteoric rise of this farm lad to positions of such magnitude, that reach to the ends of the earth, is remarkable beyond words to express. The one thing that impressed me in talking with George about his life, was his modesty. My impression was-here is a man whose deeds outweigh his words.

His wife Helen is an artist in her own right, as we viewed her paintings, even an untrained eye could appreciate their realism, delicate shadings and beauty.

A business man and his artistic wife replete in usefulness and modesty, Lutheran's by faith and servants of God.

Thomas Thompson, the frugal grandfather of George O. Wherley. 1824-1895

Evalyn A. Bair, the grandmother of George O. Wherley. 1835-1868

ADDITIONAL INFORMATION ON THE ZACHARIAH THOMPSON FAMILY

Eli Isaac Thompson proved up on a homestead in Custer Co.Nebraska.The U.S.Gov. patent is now in the posession of his grandson Grover Thompson,who lives in Glendo,Wyo. Eli spent his last days with his daughter Minerva Thompson Wood at Sargent,Nebr.

Grover left home in I907 and returned for a visit I8 years later.The old home was in Western Nebr. to which they migrated 54 yrs.ago,taking up a homestead of 640 acres,which they sold and traveled farther west to the open range country of Wyoming in I9I3.He started with I60 acres on a creek and has been building it up to the present 4000 acre ranch.In I933 Grover took a job as land appraiser for the Federal Bank of Omaha.Then he took the job of State appraiser for Home Owners Loan Corp,having as many as 26 men working for him at one time,over a period of I0 years,after which he retired,now living on his ranch. An interesting thing is,the early pioneers emigrated from Md. to Ohio i in I8I7 with horses and wagons.The grandsons,William & Morris,of this pioneer family in Ohio,emigrated westward to Iowa in I854 with horses & wagons,and slept,& cooked,& lived enroute in their wagons for 40 days & nights.

And when Grover emigrated from western Nebr.to Wyo. in I9I3 he says"we came with horses & wagons".Remember,almost a century had passed since Andrew and Elizabeth(Denbow)Thompson had come from Md.to Ohio,but the horses and wagons were still a vital necessity in this westward movement.As I write this,it comes very forcefully to the fore-front of my thinking,if we had more horses to eat the corn we raise,we would not be raising so much,and very likely would not be plagued with our present storage problem.Tractors will not eat corn.Possibly some one in our great family can come up with a grain product that can be used as tractor fuel,thus eliminating our surplus problem.

From this Eli Isaac Thompson family have come two men to whom we should call special attention,John R.& Wm.Henry Thompson.These two men cannot be easily separated because they both graduated from Iowa Law school by helping each other.While one attended school,the other taught school,and financed the one in school.They took tu rns doing this until they both graduated.They surely knew how they obtained their education.I was told that they would both work on a single law case,one as prosecutor and the other as defendant,and would glare at each other while arguing the case as though they were mortal enemies.and when it came time to go to lunch they would meet outside the building and would walk with their arms around each other,laughing and having a good time.

William Henry,Grover's father,was mayor of Grand Island,Nebr,a judge of the Supreme court of that state for 8 years,& U.S.Senator for a few years.

He was a member of the unpaid commission that built the new state capitol building in Lincoln.Grover thinks this is the most beautiful State Capitol building in the U.S,and I agree.

The brother John R.was district judge for I2 years.They were both outstanding attorneys,of whom all of us can be justly proud.

THE ROUND BARN

One of the remarkable things I saw on my western trip in the interest of the "Thompson Genealogy" was a round barn built by Zachariah Caleb Thompson,near Harper,Kansas.He was a business man as well as a farmer.This barn was built completely self-supporting,with an off-set roof from the plate toward the center,possibly one third the distance in.Then the remainder of the roof was built on a raised circular wall framed of wood.This barn stood for many years as originally built.The present owner said the roof started to settle a little so that he had to place some supporting posts inside the building.

BLANCHE MYRTLE HORTON

This gracious lady was the person mostly responsible for the 'Zachariah' scrap-books from which wealth of material a large portion of this family history and genealogy was taken.These books are now in the possession of the

reunion President, Elma J. Ross, who also ably helped by furnishing much timely and valuable information. Mr. C.B. Horton was untiring in taking Mrs. Horton wherever it was necessary to gather the needed material. Here is the picture of the two of them as they were in 1918. The husband followed in the foot steps of his father, & worked for Western Union. And their son Chas. Bela the 3rd has followed the same line of work until at the present time he is supervisor of private wire sales in the metropolitan area of N.Y. including the Stock Exchange, working from 60 Hidson St., which was the office his father occupied over the last 10 yrs. of his service for the Western Union. Mrs. Horton is living with her son in Bayville, N.Y. She is 80 yrs. old.

To the right is Chas. Bela Horton the 3rd who received a gold medal from the state of New York for 25 years of faithful service in the New York National Guard.

Note that these brothers, Robert J. and Thomas J., mustered in on the same day. And they went through the war together, being constantly side by side, except when R. J. was in the hospital twice after being wounded. The morning before they went into battle, Oct. 19th, Robert J. told his brother he was going to be wounded 'today.' Thomas said "You are just scared", "No, I am not scared," he replied. They made their charge and fell flat on the ground to fire, and at that moment a bullet tore through the shoulder of my Uncle Robert J., and my Uncle Tom helped to carry him off the field of battle, a badly wounded man. Thomas served 2 yrs. 10 mos. and 16 days. All of these brave men lived to come back to their home. All of them were carpenters by trade. My uncle Robert J. only had one child that lived and she just passed away in February, 1961, being almost 93 years of age.

Those who remained with the new recruits and were then honorable discharged on Aug. 13th, they were considered as VETERANS. Robert P. was a member of the Richland Post #378, Richland, Kansas.
2. A ndrew Albaugh was a private, 23 yrs. old and entered, Aug. 9, 1862. Period of service was 3 years. Mustered out with Co. A., 126th Ohio Regiment, June 25, 1865. He was not listed as a veteran because he mustered out in June.
3. Basil Albaugh served in the same 126th Ohio Regiment and Co. A. Entered at 36 yrs. of age. Mustered in July 25th, 1862, for 3 years service. He

mustered out with the Co., June 25, 1865. He served 2 years, 11 months. Basil was a member of Canby Post # 11, Osage City, Kansas.
4. Joseph Marian Lepper was a son-in-law. He mustered in 2nd Iowa Regiment. Aged, 19 years. His residence was Davis Co., Iowa, Nativity Indiana. Enlisted May 6th, 1861, and was mustered in May 28, 1861. Discharged for disability, Oct. 4, 1861. He was in the service 2 days less than 5 months.

Son and Son-in-law of Gabriel

1. Harvey L. Thompson enlisted in Co. A., 126th Ohio Regiment, at Camp Steubenville, Ohio, age 23. Mustered in Aug. 8, 1862, with the army of the Potomac. He was wounded in the Battle of the Wilderness, May 6, 1864. (This was the same day and the same battle that Uncle Robert J. was wounded, being in the same Co. A.) He was promoted from Corporal to Forst Sargent, June 1, 1865. Mustered out with the regiment, June 25, 1865. He served 2 years, 10 months, and 17 days.
2. Adam Henry Mook was a Civil War soldier. I visited his grave at Wilshire, Ohio and there was the usual Civil War soldier marker that held the American Flag. Mrs. Maude Michael who knew the Mooks writes that Adam experienced a southern prison camp for sometime and he remained frail from that experience. However, he lived to be over 66 yrs. old, according to the grave stone. On the shaft marking his last resting place, we read 'Adam Henry Mook, a friend to his country and a believer in Christ.'

Son and Son-in-law of Eliza

1. Philip Hendricks, a private, Co. A., 126 Ohio regiment, 23 years old. Entered, Aug. 13, 1862, for term of 3 years. Discharged Oct. 19, 1863, on surgeon's certificate of disability. He served 1 year, 2 months and 6 day. His son, Grover, writes "My father through exposure and sleeping on the wet ground during the Civil War contracted Asthma from which he never recovered."
2. James Fisher (the son-in-law), Private, 24 years of age, entered service, Aug. 4, 1862. Co. A., 126th Ohio Regiment. He enlisted for 3 years., but on May 10, 1865, before the completion of his enlistment, he was discharged on a Surgeon's certificate of Disability, at Columbus, Ohio. He served 2 yrs. 9 months, 6 days. Seven out of the eleven relatives who volunteered for service in the Civil War, were in Co. A., 126th, O.V. I., two in the 80th Ohio, Co. D., one in 2nd Iowa Regiment and one we cannot as certain his regiment.
The following is the list of engagements and battles in which the 126th Ohio took part:
Culpepper C.H., Oct 11, 1863; Bristow Station, Oct. 14, 1863; Mine Run, Nov. 26-28, 1863; Wilderness, May 5-7, 1864; Spottsylvania, May 8-18, 1864; North Anna River, Va., May 23, 1864; Totopotomy Creek, Va., May 30-31, 1864; Cold Harbor, June 1-12, Petersburg Siege, Va., 1864-1865.

They were married in Md. about 1802. They came to Harrison Co., Ohio in 1806. They were the pioneer family of the Custer-Hendricks-Thompson line that came from Md. to Ohio. We know the exact location where these pioneers settled, from the following deed, recorded page 411-412, Lebre M. Cadiz, Ohio, courthouse of Harrison Co.

Susanna Hendricks to George Shambaugh. Know all men by these presents that I, Susanna Hendricks, widow of John Hendricks, late of Harrison Co. and State of Ohio, deceased for and in consideration of the sum of eight hundred and thirty three dollars and thirty three and one third cents to me in hand, paid by Beorge Shambaugh. Sold, quit claimed, and by these presents do grant, bargain, sell, remise, quit claim unto said George Shambaugh all my right of dower in the following described premeses, viz., the South East quarter, section number 20, in Township number 12, in the fifth range of the lands described to be sold at Steubenville and being the same tract of land which John Hendricks, late of said county of Harrison, in state of Ohio, died, siezed and possessed of together with, all and singular the hereditaments and apurtenances there unto, belonging or in any way appertaining and the revirsions, remainders, rents, issues and profits there of and the estate right title entrust claim or demand whatsoever of me the said Susanna Hendricks either land or equity of, in and the above forgained premises to have and to hold, the same to the said George Shambaugh.

I said Susannah Hendricks have here unto set my hand and seal the seventh day of Sept. in the year of our Lord, one thousand eight hundred and forty eight. Signed, Sealed, and delivered in the presence of us.

A. F. Croskey
B. W. Viers

The State of Ohio, Harrison Co.s.s. Before me Brice W. Viers, a Justice of the Peace, in and for said county, personally appeared the within named Susanna Hendricks and acknowledged the signing and sealing of the within conveyance to be her voluntary act and deed this 7th day of Sept A.D. 1848. B. W. Viers, Justice of the Peace, State of Ohio, Harrison Co., entered for record Aug. 23, 1849 and recorded Aug. 31, 1849. Wm. Bryce, Recorder

The children of John and Susanna Hendricks rec'd their Dowry from the estate. They are as follows:

1. Samuel Heidy and Sarah Jane Hendricks.
2. Alexander John and Matilda Hendricks.
3. Emanuel Hendricks and Martha Hendricks. (At this time, Eliza Thompson Hendricks had died and Emanuel had married his cousin, John Hendricks' widow, Martha)
4. Basil Hendricks and Catherine Gotshall. (Let us note in passing that Emanuel and Martha Hendricks had a daughter Ruth, who married Jacob Gotshall, a cousin of Basil's wife, Catherine.) These folks were our closest neighbors when we lived on the farm west of New Rumley, Ohio.
5. Maria Hendricks Beatty (of Co. of Bartholomew, State of Indiana.) Evidently Maria's husband was deceased.
6. Thomas Hendricks and Lydia Renicker
7. John Giles and Charlotte Hendricks.

8. Samuel Heidy, by virtue of Power of Attorney, in behalf of John Everhart and Rebecca Hendricks, both of Adams Co. Ind.
9. Ann Loughridge. (Evidently her husband was deceased.
10. Jesse Hendricks, not mentioned, so he must have died, unmarried, leaving no heirs. This is very interesting to me because this farm was known to us as the Shambaugh farm and the Country school we attended was the Shambaugh District School. The original log house is still in use. It is modernized, but the log home that John and Susanna Custer Hendricks lived in is still there after 150 years of continuous occupancy. As was the custom they located near a good spring of water. We had no well at the school house, but there was always some boy who would rather walk close to a half mile and get a "Bucket" of water than he would to study. We were drinking the cold spring water that John Hendricks, the earliest pioneer who took up the land from the Gov. had "Stoned Up" for his family use. What a loss to childhood, that the struggling pioneer family life is so utterly forgotten. Our educators would render a valuable service to our youth by reviving a realistic study, based on the facts of our American pioneer family life.
In this particular family we are interested in Emanuel Hendricks who married Eliza Thompson. Also Thomas Hendricks and Bazell (Basil) Hendricks, which shall be brought out a little later on.

1-11 Jacob Custer 1790-1862
Sarah Webster 1793

Jacob was born at Jessups, Ann Arundel Co., Md. He learned the Blacksmith trade and came to Harrison Co., Ohio in 1812, and platted New Rumley and filled the plat Aug. 16, 1813. He married Sarah Webster, daughter of Wm. and Ida Webster, Mar. 2, 1815. The Ohio census for 1830 states he was in New Jefferson at that time. His nephew Emanuel H. came to New Rumley in 1824, and he being a blacksmith also, Jacob must have sold his business to his nephew and moved to New Jefferson.

3-111 Dr. Wm. Webster Custer 1816-1892
Stewart F. Custer 1822-1894
John M. Custer 1825-1891
Henry L. Custer 1827-1901
Robert F. Custer 1830-1909
Dr. Isaac N. Custer 1832-1908

1-111 Emanuel H. Custer 1806-1892
1. Matilda Viers 1804-1834
2. Maria W. Kirkpatrick 1807-1882

Emanuel's first wife was the daughter of Brice W. and Hannah Viers, the Justice of the peace of New Rumley, Ohio, who performed the marriage of Zachariah and Priscilla (Albaugh) Thompson and Sarah (Thompson) and William Albaugh, members of our Thompson family.
Emanuel's second wife was the widow of Israel R. Kirkpatrick. Emanuel was born in Cresaptown, Md. the oldest son of John Custer, left home in 1824 and came to New Rumley, Ohio, where his Uncle Jacob and three aunts, (Susanna, Mary and Charlotte) had previously located thereabouts. His Uncle Jacob had (as we have seen) platted New Rumley, which would be a likely place for a nephew to settle and work at his blacksmith trade. After 4 years he married Matilda Viers, and 3 months (less I day) afterwards, Eliza Thompson, a sister of Zachariah and Sarah, married Emanuel Hendricks, a first cousin of Emanuel H. Custer.

1-1V Hannah B. Custer 1829-
She died in young womanhood.
Brice W. Custer 1831-

John Custer 1833-1836
The first wife died July 18, 1834, and Emanuel H. remarried Feb.29, 1836.

Boston Custer (B. Oct. 31.D. June 25) 1848-1876. These two brothers died with their famous brother, Gen. Custer in the same battle with the Sioux.
Margaret E. Custer 1852-1909

This means that the children of Emanuel Hendricks and Emanuel H. Custer were second cousins. W e see the reflection of this close relationship in the name of one Hendricks grandson 'Armstrong Custer' and the perpetuation of the name 'Emanuel' in the Hendricks line for at least 4 generations then it disappears.

2-lll Maria Hendricks 1804-
William Beatty

2-lll Emanuel Hendricks 1806-1880
1. Eliza Thompson 1808-1846
2. Martha R. (Hendricks)

Martha Roush first husband was John Hendricks, a first cousin of Emanuel. Their fathers were brothers. Martha's children by her first husband were George, Jane and Sarah('Sally).

Ruth Hendricks (daughter by the second marriage) married Jacob Gotshall, and they with their family (Mattie, Celesta, Naomi, Maude, Leland, and Emma) were our closest neighbors when we lived on the farm near New Rumley. I never knew until this work was undertaken, that our families were so near to being related. In fact we are related by marriage. There was always a closeness between us as children that I never could quite understand. Now it is becoming increasingly clear, that so much was lost that can never be regained through ignorance on my part. This effort has brought an awareness of the need of filial love between families, even though the relationship is a little distant. To keep children ignorant of their fore-bears and those related in any manner in no way engenders love and respect, one for the other. What person can lightly brush off the desire they have in their own hearts for personal love and respect from others when they 'cast not their own bread upon the waters' but still expect their inertia to see the fulfillment they do not deserve 'in many days it shall return' from that which they never cast out? If this effort of 4 years will but stir up the desire to 'love one another as I have loved you' it will pay dividends that only Eternity will be able to properly evaluate. The commandment that our blessed Lord received before he went to the cross 'that ye love one another,' is the command of God, that Jesus received from the Father.

They were married Nov. 13, 1823.

2-lll Rebecca Hendricks 1809-

2-lll Thomas Hendricks 1811-1883
Lydia Renecker 1812-1901

Thomas was a farmer, and after marrying in July 1834, they lived a short time in Jefferson Co., then moved to Tuscarawas Co. and entered 80 acres, improved it until 1848, then sold and moved to Van Buren Co., Iowa, until May 1856. They sold this farm and settled in Section 3 of Monroe Twp., Ind. Where they lived until his death.

3-lV William 1838-1885
John 1839-

There were 7 children, only names of 2 were given.

2-lll Jesse Hendricks 1814-1887

Nothing further is now known.

2-lll Anne Hendricks 1816-
Loughridge

At the present time this is all that is known.

2-lll Bazell Hendricks 1818-1888
1. Catherine Gotshall 1820-1856
2. Mrs. Mary E. Hower

He married Catherine, Mar. 25, 1840. In 1848, they migrated by horse and wagon to Adams Co., Ind., from Harrison Co., Ohio. He entered 360 acres of land in Adams Co., improving it with good buildings, through the years and remained on this farm until his death. He remarried Oct. 31, 1856. An item of interest is, 20 years after Basil migrated to Indiana, Gabriel Thompson's

4-lV Oliver T., Jane, John, Adeline, Jacob D.

Children by the second marriage were: Harriett M, wife of Lacy Sell, David M, James A, Minnie B, Ella M.

second oldest son, Howard, migrated to Pleasant Mills Indiana, and his oldest daughter, Elizabeth married Bazell's 8th child, James A. Hendricks. So the Thompsons inter-marry again with the same Hendricks line, but there is no blood relationship, only relatives by marriage. Another item of interest is that Catherine Gotshall (the first wife) was a first cousin of Jacob Gotshall, who married Ruth Hendricks the daughter of Emanuel and Martha (Roush) Hendricks.

2-III Charlotte Hendricks 1824-1907 They were married Dec. 1, 1842.
John Giles
2-III Sarah J. Hendricks 1824-1877 They were married Jan. 6, 1842.
Samuel Heidy Charlotte and Sarah were twins.
2-III Matilda Hendricks 1826-1895 They were married May 6, 1845

We are primarily interested in Stewart Derrell

1-IV General G. Armstrong Custer 1839-
Elizabeth Bacon

Was a West Point Cadet. Took an active part in the Civil War Cavalry action, and helped stem the confederate tide during that all important victory at Gettysburg.
They were married in Monroe, Mich, Feb. 9, 1864, in Presbry. Church by Rev. Mr. Boyd. A man who knew no fear, who asked only that his men follow where he led. One writer has this to say "Like a good angel she, Elizabeth Bacon Custer, came to the Brigade at Stevensburg, like a good angel she remained with them till Spring. All that Custer's already noble character needed of dignity and repose, of sweetness and patience, she gave him. Finding him good, she left him perfect, and her sweet and gracious influence can be traced on all his after life.

1-IV Thomas W. Custer 1845-1876 These brothers traveled that last
1-IV Boston Custer 1848-1876 mile with their brother the 'General.'
2-IV We shall pass over this family since an entire chapter is devoted to them.
3-IV William Hendricks 1838-1885 2-V George T, Joseph D, Eli W, Lydia
Mary A. Ray E, Wm. P, Charles E, Josiah A, James.
They were married Nov. 8, 1857, in Monroe Township, Indiana, but Mary was a native of Jefferson Co., Ohio, and William was born in Harrison Co., Ohio before his folks moved to Indiana.
3-IV John Hendricks 1839- John was born in Harrison Co., before
Margaret E. Ray his folks moved to Indiana. Margaret's folks were natives of Harrison Co., Ohio, so are very likely related to the Brother William's wife, possibly first cousins.
John and Margaret were married in 1866. Her father in connection with his farming followed broom-making and carpentering.
4-IV James A. Hendricks 1864-1953 3-V Clyde, Howard G, Mc Gee
Elizabeth M. Thompson 1867-1955
This family line is completed under the Gabriel Thompson Chapter.
5-IV Stewart D. Custer 1851-1918 4-V Charles Fadley 1872 Married
Elizabeth Naragon 1852-1925 Tillie Harriman, Geo. Clinton 1874,
The last member of this family married Ella Richey. Anna A., 1876,

married into the Thompson family. The Eli branch (of which I am a member and Eli is the brother of Eliza, who was the first to marry into the Custer line. Albert Jay has a son who in turn married into the Josiah Thompson line. Eliza, Eli and Josiah are children of the same family. Elizabeth M., the wife of James A. Hendricks, listed above, had a first cousin named Sarah Elizabeth Thompson, whose daughter, Mary Carr Fuller, married back into the Custer line. (Chester Lee Custer). So in The Gabriel Thompson family there was marriage into the Custer line from two different angles, first through the Hendricks Custer descendant, and direct in to Custer Family.

married J. E. Wheaton. Melvina May 1878-1907. Hannah Pearl 1880-1901. May Maude 1884, married Michael Geisinger. Dollie Caroline 1885-1905 Nina Orminda 1888-1911 married Joseph Nagy. Jesse W. 1890 married I. Eunice Slates 2. Alma Moreland. Albert Jay 1893, married Katherine A. Thompson

The Allen - Thompson line.

Joseph Allen was a native of New York State, where his father, Lemuel Allen was a farmer, and lived until he died. Joseph married Sarah the daughter of Joseph and _____ Manchester. There seems to be at least three of These Manchester daughters. Hannah who married Benjamin Chase, Lydia, for whose care Sarah willed 'ALL' (Will bearing date, Nov. 22, 1867, recorded Nov. 5, 1870, at Carroll Co. Court House) and Sarah,the wife of Joseph Allen. Sarah was born in 1792, and was married in Middletown, Rhode Island, before June of 1810. They had the following children: Cranston, Elizabeth (married Gabriel Thompson), Henrietta, Albert, Samantha, John, Bathsheba, Samuel, Sarah A., George, Hannah, Ruth, David, William. There is supposed to have been 15 children. One must have died in infancy. In 1823, Joseph Allen accompanied by his family, came to Ohio, and entered a piece of land where is now Perry township, Carroll Co., (was originally New Rumley Twp. Harrison Co.) which land was cleared by himself and sons. It was from this land that the ground was deeded to three trustees, John Hendricks, Jacob Gladden, Zachariah Thompson, for the sum of $1.00, for the Allen Church and burying ground. Joseph Allen died and was buried there in 1854. His wife died in 1870 and she was buried from that same church in which she proclaimed the Gospel to her neighbors. Their son, Samuel, married Mary, daughter of Jacob amd Elizabeth (Jenkens) Strayer of Harrison Twp., Carroll Co. Their children were: Jacob, J. C, Clara A, Frank, Joseph, Oliver (known in Delroy as Oliver Twist), George Harvey S. Samuel lived near Delroy and operated coal mines and farmed 700 acres of land as well. This Allen family was truly a frugal and solid family.

CORBAN THOMPSON OBITUARY

Notwithstanding that all are conscious of the fact that all must die, yet the different ways in which death comes tends to increase sympathy and grief as the more painful and distressing it comes. The saddest event that has occurred in this county for some time was the recent death of Corban and Ellsworth Thompson, father and son, which occurred March 31st. and April 1st.

Corban was one of the younger sons of Basil and Sarah Thompson of North township, and was born July 6, 1849. He was an energetic man and always engaged in some useful work, though most of the time as stone-mason and farmer. He had a sleight of work and was hard to excel when he entered a contest. He was very liberal--most too much so for his own good--always ready to do a friendly or neighborly act. His death was caused by dropsy, from which he suffered for about two and one-half months and died April 1st. The death occurred at the late home of Corban Thompson, near Mt. Hope, where the family have lived for the past fifteen years. During their illness all paths led to their house and their neighbors administered every aid and kindness that could alleviate their suffering. The funeral services were conducted by Rev. Patterson, of Deersville, Ohio.

OUR MISSIONARIES OF GABRIEL THOMPSON FAMILY.

April 21, 1961

Dear Mr. Thompson,

I hope you can still use this information about myself and my family. We had so much correspondence in Alaska and I could never get ahead of it and of course the Correspondence for the children's home came first.

I don't know exactly what you want but hope that I will give you what is needed. If there is something you want to know that I leave out I promise I will send it to you if you ask. I think this is a grand idea and will be anxious to see my

parent's copy.

My name is Phyllis Irene Thompson Wiley and my husband's name is William Dale Wiley. I graduated from Jewett High School in May 1952 and from Ohio State University in June 1956 with a bachelor's degree in Home Economics Education. I was married on August 25, 1956. My birth date is June 27, 1934. Bill's is September 18, 1931.

I taught Home Economics at Johnstown, Ohio for the school year of 1956-57. Bill graduated from Ohio State University in March 1957 with a bachelor's degree in Rural Sociology.

We went to Sitke, Alaska in the summer of 1957 as co-directors of a summer work camp intending only to stay for the summer. While there we were asked to accept jobs in Haines, Alaska. Bill had been there two years as maintenance man and gardner before completing his work at OSU. So the fall of 1957 found us in Haines. I taught home economics in the High school for year of 1957-58. Bill accepted the job as director of the Haines House which was under the Bd. of National Missions of the Presby. Church.

Winston Dale, our first child, was born on November 19, 1958, in Juneau where the hospital was. I have sent a blue folder about Haines House and also one of our last year's Christmas letters so that you may know why we are back in Ohio. I am sure we would still be in Alaska if the home was still in operation but due to circumstances beyond our control we could do nothing. We do miss our church work a great deal and hope to return to that type of work when the opportunity arises.

Our second child was born on September 10, 1960 in Middletown, Ohio. Her name is Jane Elizabeth.

I am doing some substitute work in the nearby schools but do not plan to teach full time especially with small children. There are many more things I could tell you such as hobbies, summer esperiences, etc.. My husband and I have done so many things that I would need more paper to tell everything.

Cordially,
Phyllis Wiley

Excerpt From 1960 Haines House Christmas Letter.

Haines House was doing far more than providing a home for 40 to 60 children in a year's time. It was providing leadership for the entire state in the field of Child-caring Institutions. It was providing leadership to the local community in many ways. It worked closely with the Extension Service and provided leadership in gardening, agriculture and 4-H for the entire Chilket Valley. And Haines House stood as an 80-year old Christian Bulwark in the new State and last Frontier where so often there are selfish motives and rough and drunken living. It was discouraging to all of the Presbyterians in Alaska to see their church retreating at a time when the need is so great and then they could see other churches, many with far less money but apparently greater faith, making new advances.

MARRIED FIFTY YEARS.

Mr. and Mrs. Charles C. Smith will observe their golden wedding anniv. Sunday with a family dinner for some 15 or 20 relatives at the Swiss Chalet. Both natives of Ohio, they were married in Carrollton, Ohio on Feb. 22, 1910 in the Methodist Parsonage, by Rev. C.W. Harshman.
